MICHIGAN.

CAPITAL, LANSING.

Population of State, 2,093,889.
(Census of 1890.)

Males.....	1,091,780	Native.....	1,550,000
Females.....	1,002,109	Foreign.....	543,880
White.....	2,072,884	Chinese.....	158
Colored.....	15,223	Indians.....	5,624

Number of Physicians, 4,244.

(The State Census, 1894, gave a total population of 2,241,454.)

Michigan consists of two irregular peninsulas known as the Upper and Lower Peninsulas; the former is bounded on the north by Lake Superior, on the south by Lakes Michigan and Huron, on the southwest by Wisconsin, and on the east by the St. Mary's river, which separates it from Ontario; the latter or Lower Peninsula is bounded on the northwest and west by Lake Michigan, on the northeast by Lake Huron, and on the south by Indiana and Ohio, and on the east by Lake Huron, the St. Clair river, Lake St. Clair, the Detroit river and Lake Erie.

The State extends from 41 degrees 30 minutes to 47 degrees 31 minutes north latitude, and from 82 degrees 24 minutes to 90 degrees 33 minutes west longitude, and comprises an area of 56,451 square miles, or 36,128,640 acres. The climate is mild, but the temperature varies considerably, the mean annual temperature as observed at Fort Mackinac being 41.02 degrees, and at Detroit 47.25 degrees. The average annual rainfall varies from 23 inches at Mackinac to 30 at Detroit.

The following table shows increase in population for 70 years:

1820.....	8,765	1860.....	749,113
1830.....	31,639	1870.....	1,184,059
1840.....	212,267	1880.....	1,636,937
1850.....	397,654	1890.....	2,093,889

Rate of Mortality in Michigan, as computed from the U. S. Census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
2,093,889	25,016	11.95	24,604	412	11.88	19.61

Total number of deaths from consumption during 1890 was 2,747, which was at the rate of 1.31 per 1,000 population, or 109.81 per 1,000 of total deaths.

For List of Medical Colleges, see page 131.

MEDICAL LAW OF MICHIGAN.

An ACT to Provide for the Examination, Regulation, Licensing and Registration of Physicians and Surgeons, and for the Punishment of Offenders Against this Act, and to Repeal Acts and Parts of Acts in Conflict Therewith.
The People of the State of Michigan Enact:

Section 1. That the Governor shall appoint, by and with the advice and consent of the Senate, ten resident electors of the State, who shall constitute a board of registration in medicine. Not more than five of the persons so appointed shall be from the school of medicine known as Regular; not more than two of the persons so appointed shall be from the school of medicine known as the Homœopathic; not more than two of the persons so appointed shall be from the school of medicine known as Eclectic; and not more than one of the persons so appointed shall be from the school of medicine known as Physio-Medical; and the appointees may be chosen from lists submitted to the Governor biennially by each of the four legally incorporated State medical societies of the schools of medicine, as herein mentioned aforesaid, such lists to be certified to under oath of the president or secretary of each society respectively, and filed by them in the office of the secretary of State at Lansing on or before the fifteenth day of September of the present year and on or before the first day of March in each succeeding biennial period. Such lists to contain at least treble the number of names as each society has representatives on the board. But in the event that one or more of the societies above named, through their president or secretaries, shall, from any cause, neglect, omit or refuse to file as aforesaid such list or lists, then and in that case the Governor shall appoint or fill the vacancies in said board without reference to such list or lists which the aforesaid society or societies have for any cause neglected, omitted or refused to file with the secretary of State, as herein mentioned aforesaid; but the number of representatives from each of the schools of medicine shall be the same as provided for in this act. All persons so appointed shall be learned in the profession of medicine, shall be graduates of recognized and reputable medical colleges, and shall have been actively engaged in the practice of medicine for at least six years immediately preceding the time of such appointment. The ten persons so appointed shall be appointed in two classes, each class to consist of five persons. The first class shall be appointed to hold office for two years, the second class for four years, beginning with the first day of October of the present year and until their successors are appointed; and thereafter the Governor shall appoint, before the first day of October of each biennial period, five persons qualified as aforesaid, in each class to hold office for four years from the first day of October next ensuing. No member of said board shall belong to the faculty of any medical college or university, or shall be financially interested in the manufacture of drugs or the practice of pharmacy. The Governor shall also fill vacancies occasioned by death or otherwise, and may remove any member for the continued neglect of duties required by this act. Vacancies in said board shall be filled in accordance with the provisions of this act for the establishment of the original board, and a person appointed to fill a vacancy shall hold office during the unexpired term of the member whose place he fills. The business of this board shall be transacted by and receive the concurrent vote from at least seven members.

Sec. 2. The members of said board shall meet on the second Tuesday of October, eighteen hundred ninety-nine, at the State Capitol at Lansing, and shall then elect a president from their own number, and a secretary, who need not be of their number, but each of whom shall hold their respective offices for two years, and shall have the power to administer oaths. Not less than seven members shall constitute a quorum of said board for transaction of business. The secretary shall give to the treasurer of the State a bond in the penal sum of five thousand dollars, with sufficient sureties, to be approved by the Governor, for the faithful discharge of his duties. The said board shall hold two regular meetings in each year, beginning with the year eighteen hundred ninety-nine; one on the second Tuesday of October, eighteen hundred ninety-nine, and one on the second Tuesday of June, nineteen hundred, and so on, and such additional meetings at such times and places as it may determine.

Sec. 3. On and after the second Tuesday of October, eighteen hundred ninety-nine, all men and women engaged in the practice of medicine and surgery in any of its branches, and all who wish to begin the same in the State, except as hereinafter provided, shall

make application to said board to be registered and for a certificate of such registration. This registration and certificate shall be granted to such applicants as shall give satisfactory proofs of being twenty-one years of age and of good moral character, but only upon compliance with at least one of the following conditions:

1. The applicant shall be registered and given a certificate of registration if he shall present sufficient proof within six months after the passage of this act of his having already been legally registered under act number one hundred sixty-seven of eighteen hundred eighty-three, as amended in eighteen hundred eighty-seven, entitled "An Act to Promote Public Health." The fee for applicants of this class shall be one dollar.

2. The applicant shall be registered and given a certificate of registration if he shall present a certified copy or certificate of registration or license which has been issued to said applicant in any foreign nation where the requirements for registration shall be deemed by said board to be equivalent to those of this act: Provided, Such country shall accord a like privilege to holders of certificates from this board. The fee for registration from applicants of this class shall be twenty-five dollars.

3. The applicant shall be registered and given a certificate of registration if he shall satisfactorily pass an examination before the board upon the following subjects: Anatomy, physiology, chemistry, pathology, therapeutics, toxicology, histology, hygiene, public health laws of Michigan, practice of medicine, surgery, obstetrics, gynecology, diseases of the eye and ear, bacteriology and medical jurisprudence; said examination to be conducted as follows:

(a) The applicant shall pay a fee of ten dollars prior to examination.

(b) The examination shall be in writing, oral, or both.

(c) The questions on all subjects except in therapeutics and practice of medicine, shall be such as may be answered alike by all schools of medicine.

(d) The applicant shall, if possible, be examined in therapeutics and practice of medicine by those members of the board belonging to the same school as the applicant; and no applicant shall be rejected because of his adherence to any particular system of medicine.

(e) An average percentage of at least seventy-five per cent. of correct answers shall be required from every candidate. No additional fee shall be charged by this board for the registration of those who successfully pass such an examination.

4. The applicant shall be registered and given a certificate of registration if he shall present a certified copy or certificate of registration or license which has been issued to said applicant in another State of the Union where the requirements for registration shall be deemed by said board to be equivalent to those of this act: Provided, Such State shall accord a like privilege to holders of certificates from this board. The fee for registration from applicants of this class shall be ten dollars.

5. The applicant shall be registered and given a certificate of registration if he shall have a diploma from any legally incorporated, regularly established and reputable college of medicine in this State, having at least a three years' course of eight months in each year, or a course of four years of six months in each year, or within the United States, except as heretofore provided, as shall be approved and designated by the board of registration, upon payment of ten dollars, and upon complying with all other requirements of this act, such certificates conferring upon the holders of such diploma all the rights and privileges conferred by this act, without examination.

6. The board of registration shall not register any person by reason of a diploma from any college which sells, or advertises to sell, diplomas "without attendance," nor from any other than a regularly established and reputable college.

Sec. 4. The person receiving a certificate of registration shall file the same, or a certified copy thereof, with the county clerk in the county where he resides, and said clerk shall file said certificate or the certified copy thereof, and enter a proper memorandum thereof in a book to be provided and kept for that purpose, and may collect therefor a fee of fifty cents for each certificate or copy thus filed. And said county clerk shall, on the first day of each month, furnish to the secretary of said board a list of all certificates filed in his office during the preceding month on a blank provided for that purpose, and upon notice to him of the change of location of death of a person granted a certificate, or upon the revocation of the certificate granted such person, said county clerk shall enter at the appropriate places in the record so kept by him a memorandum of said facts; so that the record so kept by said county clerk shall correspond with the records of said board, so kept by the secretary thereof. In case a person having thus filed a certificate shall move into another county of the State, he shall procure from said county clerk a certified copy of said certificate; and file the same with the said county clerk of the county to which he shall so remove. Said county clerk shall file and enter the same with like effect, as if the same was the original certificate.

Sec. 5. All moneys received by said board shall be paid to the State Treasurer monthly, and shall be credited to the general fund of the State, and a receipt for the same shall be filed by the secretary of the said board in the office of the Auditor General. The incidental and traveling expenses of said board, and such salary to the secretary as said board may fix, shall be paid from such fund only. The members of said board, except the secretary, shall receive no compensation for their services, except necessary traveling and hotel expenses in attending meetings of said board; and in no case shall any more be paid than was actually expended. Such incidental and traveling expenses shall be approved by said board and sent to the Auditor General of the State, who shall draw his warrant upon the State Treasurer for the amounts due, as in case of other bills and accounts under the provisions of law: Provided, That the amount so paid shall not

exceed the amount received by the Treasurer of the State from said board in fees, as herein specified, and as much of said receipts as may be necessary is hereby appropriated for the compensation and expenses of said board as aforesaid.

Sec. 6. Said board shall collect from the various county clerks of the State, each month, a report of all registrations made. Said board shall also keep a record of all moneys received and disbursed by it each month, and said record shall always be open to inspection at the office of the Secretary of State. Said board shall annually report to the Governor, on or before the first day of January of each year, the condition of medicine and surgery in this State, which report shall contain a full and complete record of all its official acts during the year, and shall also contain a statement of its receipts and disbursements.

Sec. 7. Any person who shall practice medicine or surgery in this State, without first complying with the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than one hundred dollars, or by imprisonment in the county jail for a period of not more than ninety days, or by both such fine and imprisonment, for each offense. It shall be the duty of the respective prosecuting attorneys of the counties of this State to prosecute violations of the provisions of this act, upon information furnished by the records of the county clerk, or a member or members of said registration board, or by any other person entitled to credit.

Sec. 8. This act shall not apply to the commissioned surgeons of the United States army, navy or marine hospital service, in actual performance of their official duties, nor to regularly licensed physicians or surgeons from out of this State, in actual consultation with physicians of the State, nor to dentists in the legitimate practice of their profession, nor to temporary assistants in cases of emergency, nor to the domestic administration of family medicines, nor any legally qualified osteopath engaged in the practice of osteopathy under the provisions of act number seventy-eight of the public acts of the State of Michigan of eighteen hundred and ninety-seven, regulating and licensing the practice of osteopathy in the State of Michigan.

Sec. 9. When any person shall append the letters M. B. or M. D. or prefix the title "Dr." or Doctor or any other sign or appellation in a medical sense to his name, it shall be prima facie evidence of practicing medicine and surgery within the meaning of this act.

Sec. 10. It shall be the duty of the assessing officer at the time of making the annual assessment to make out a list of physicians residing within his township, village, district, ward or city, with the name, age and sex of each, and the length of time each has been engaged in practice. Such list shall be returned by the assessing officer to the county clerk, and by the clerk recorded in a book in which are kept the records of the board, and annually on or before the first day of January such clerks shall furnish certified lists of the same to the secretary of this board.

Sec. 11. An act entitled "An act to promote public health," approved June 6, eighteen hundred and eighty-three, and the act amendatory thereto, approved June 27, eighteen hundred eighty-seven, except as to all penalties which shall have been accrued thereunder, are hereby repealed.

Approved June 13, 1899.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and

St. Joseph Sanitarium and Bath House, Mt. Clemens MICH.

OPEN WINTER AND SUMMER.

HOW TO REACH MT. CLEMENS, MICH.—The Grand Trunk Railway runs through Mt. Clemens. Two electric lines run from Detroit to Mt. Clemens. Each runs cars every half hour and each carries baggage.

Analysis of the Sulpho-Saline Mineral Waters:

The following analysis, exhibits in grains per imperial gallon, constituents of the well of St. Joseph Sanitarium. Comparison with other waters demonstrates that it is the real Mt. Clemens elixir:

DUFFIELD'S LABORATORY,
Dearborn, March 23.

Potassic Chloride	279.440
Sodic Chloride	9,429.000
Calcic Chloride	1,792.000
Magnesian Chloride	1,318.100
Calcic Sulphate	427.000
Alumina	28.000
Silicia	602.000
Hydric Sulphide	26.180
Magnesian Bromide	.140

Total 13,901.860
Specific gravity, 60 Fahr., 1.11608.

The above compares favorably with the first well sunk, the original well, which Dr. Taylor brought to me for analysis in 1872. SAMUEL P. DUFFIELD, Consulting Chemist, A. M., Ph. D., and M.D.

DISEASES CURED:

Rheumatism, Blood Poisoning,
Skin Diseases, Paralysis,
Locomotor Ataxia, Neuralgia,
Spinal Difficulties,
Insomnia, Hysteria, Dyspepsia,
Malaria, Alcoholism, Epilepsy,
Nervous Debility, Biliousness,
Constipation,
Kidney and Bladder Diseases,
Stomach Diseases,
Sciatica, Catarrh, Colds,
Female Diseases, Milk Leg, Etc.

THIS INSTITUTION is a three-story brick building having an area of 220x220 feet, erected at a cost of \$175,000, and is elegantly furnished and equipped throughout with all modern and surgical appliances for the administration of the SULPHO-SALINE MINERAL BATHS, the waters of which are admitted to be the STRONGEST AND MOST POTENT known to therapeutics in the treatment of chronic diseases.

ST. JOSEPH SANITARIUM is in charge of the SISTERS OF CHARITY of Mt. St. Joseph, Cincinnati, Ohio, and is not under the direction of any special physician, but throws its doors open to all reputable medical men and is patronized by all the physicians of Mt. Clemens. The application of the Mineral Water is based upon thoroughly scientific principles, the result of over twenty-five years' successful experience with the baths. The popularity of Mt. Clemens as a pleasure and health resort is rapidly increasing year by year.

The courtesy of the Mineral Baths is extended to all physicians FREE OF CHARGE. Instructions from physicians sending patients to the Sanitarium will be faithfully followed and all patients are advised to take the Baths under the direction of a physician if possible.

RATES: \$2 to \$5, with special rates per week, including board, lodging and ordinary nursing.
BATHS: Mineral, 50 cents each, and not less than 25 cents extra to the bath attendant.

BEFORE A COURT

The following evidence would thoroughly prove The Alkaloidal Clinic to be an advertising medium of the first order for reaching the American Medical Profession.

Maltbie Chemical Co., New York City. — "We receive better results from advertising in the Clinic than in any other medical journal we have used."

Searle & Hereth, Chicago. — "Your journal has the record for direct returns."

Pheno-Bromate Chemical Co., New York City. — "Our advertising in your paper during the past year has given us great satisfaction."

Elgin Milking Co., Elgin, Ill. — "We take great pleasure in advising you of the good results we get from advertising in your paper."

Western Leather Co., Chicago. — "Taking into consideration the circulation and cost we consider the Clinic the best and cheapest medium."

Chas. Roome Parmele, New York City. — "The fact that our advertisement has been in your journal for several years and has now been renewed at an increased price would seem to give evidence of our appreciation."

Chas. Marchand, New York City. — "I am pleased with the work of my advertisement in your journal."

Empire M'fg Co., Lockport, N. Y. — "We recommend the Alkaloidal Clinic to any advertisers wishing to reach doctors."

Pulvula Chemical Co., New York City. — "The Alkaloidal Clinic stands at the top of the list with us."

The publishers possess sufficient testimonial endorsements from their 200 or more professional advertisers with which to paper a moderate size office. Any advertiser anywhere wishing to sell anything to or through physicians can profitably advertise the same in

THE ALKALOIDAL CLINIC

The circulation is 25,000 for each issue. By that is meant that 25,000 copies go every month to 25,000 of the doctors listed in this Register. This circulation is guaranteed and verified monthly by publisher's affidavit inserted in every issue on "Contents" page. If interested send for a copy of the current issue.

SCIATICA.

Senator John W. Mix, Yalesville, Conn., writes: "Sciatica had literally brought me to death's door. In less than 30 minutes after applying Oxydonor, circulation was re-established, and immediate relief and subsequent cure came." **DR. H. SANCHE & CO., 61 Fifth St.,** Detroit, Mich., New York, N. The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key) to which will be found on pages 131 to 172 indicates the college of graduation, and the last number the year in which diploma was granted.

Adopted by the U. S. Army...

As an indication of the great practical value of "SAUNDERS' MEDICAL HAND-ATLASES," it should be noted that the Medical Department of the U. S. Army has adopted the Atlas of Operative Surgery as its standard, and has ordered the book in large quantities for distribution to the various regiments and army posts. (See pages 84, 85, 86.)

MINNESOTA,

CAPITAL, ST. PAUL

Population of State, 1,301,826.			
(Census of 1890.)			
Males	695,321	Native	834,470
Females	606,505	Foreign	467,356
White	1,296,159	Chinese	96
Colored	3,683	Indians	1,888

Number of Physicians, 1,745.

Minnesota extends from 43 degrees 30 minutes to 49 degrees north latitude, and from 89 degrees 29 minutes to 97 degrees 5 minutes west longitude, and comprises an area of 83,531 square miles, or 53,459,840 acres. It is bounded on the north by the British possessions, from which it is partly separated by Rainy Lake and the river of the same name; on the east by Wisconsin and Lake Superior, on the south by Iowa, and on the west by Dakota. The climate is salubrious and invigorating, the summers are cool and pleasant, and although the winters are severe, the atmosphere is so dry and clear that the extreme cold is hardly noticeable.

The following table shows the increase in population for 40 years:

1850.....	6,077	1880.....	780,773
1860.....	172,023	1890.....	1,301,826
1870.....	439,706		

Rate of mortality in Minnesota, as computed from the U. S. census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
1,301,826	15,488	11.89	15,390	98	11.88	17.60

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

MEDICAL LAW OF MINNESOTA.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF MINNESOTA, AND TO LICENSE PHYSICIANS AND SURGEONS AND TO PUNISH PERSONS VIOLATING THE PROVISIONS OF THIS ACT.

(Amended April 22nd, 1895.)

CHAPTER IX., LAWS 1887.

Be it enacted by the Legislature of the State of Minnesota:

Section 1. The governor of this State shall appoint a board of examiners, to be known as the State Board of Medical Examiners, consisting of nine (9) members, who shall hold their office for three (3) years after such appointment, and until their successors are appointed.

Provided, That the members thereof first appointed under this act shall be divided into three (3) classes, each class to consist of three (3). The first class shall hold office under said appointment for the period of one (1) year; the second class for two (2) years; and the third class for three (3) years, from the date of their appointment.

It is further provided, that no member thereof shall be appointed to serve for more than two (2) terms in succession, and no member of any college or university, having a medical department, shall be appointed to serve as member of said board, three of which shall be homœopathic physicians.

Sec. 2. Said Board of Medical Examiners shall elect a president, secretary and treasurer; shall have a common seal. The president and secretary shall have the power to administer oaths. Said Board of Medical Examiners shall hold meetings for examination at the capitol of this State on the first (1) Tuesday of January, April, June and October of each year, and such other meetings as said board may from time to time appoint. Said board shall keep a record of all the proceedings thereof, and also a record or register of all applicants for a license, together with his or her age, time spent in the study of medicine, and the name and locations of all institutions granting to such applicants degrees or certificates of lectures in medicine or surgery. Said register shall also show whether such applicant was rejected or licensed under this act. Said books and register shall be prima facie evidence of all the matters therein recorded.

Sec. 3. It shall be unlawful for any person to practice medicine in this State without a license from said board, or without having filed with the secretary of said board an affidavit setting forth the times and places in which he or she has practiced medicine with the State prior to the passage of this law. Any person in continuous practice in this State since June first (1), one thousand eight hundred and eighty-seven (1887), not licensed under the provisions of chapter one hundred and twenty-five, General Laws of eighteen hundred and eighty-three (1883), may become a licensed practitioner by submitting to the State Board of Medical Examiners of this State, a diploma from a recognized college of medicine, or by undergoing an individual examination at a regular examination prescribed by the act now in force. The fee for such license shall be ten (\$10) dollars. All persons hereafter commencing the practice of medicine and surgery, in any of its branches in this State, shall apply to said board for a license so to do, and such applicant, at the time and place designated by said board, or the regular meetings of said board, shall submit to an examination in the following branches, to wit: Anatomy, Physiology, Chemistry, Histology, Materia Medica, Therapeutics, Preventive Medicine, Practice of Medicine, Surgery, Obstetrics, Diseases of Women and Children, Diseases of the Nervous System, Diseases of the Eye and Ear, Medical Jurisprudence, and such other branches as the board shall deem advisable, and present evidence of having attended three (3) full courses of lectures at a Medical College, recognized by the State Board of Medical Examiners, of at least twenty-six (26) weeks each; no two (2) courses being within the same year.

Provided, That after January first (1st), eighteen hundred and ninety-nine (1899), it shall be necessary for all persons commencing the practice of medicine and surgery to submit to an examination in above mentioned branches and present evidence of having attended four (4) full courses at a medical college, recognized by the State Board of Medical Examiners, of at least twenty-six (26) weeks each; no two courses being in the same year. All examination papers on subjects requiring treatment peculiar to any school of medicine shall be examined and their proficiency passed upon by the members of said board belonging to such school, if such there be, and their recommendation as to the proficiency of such candidate in those particular subjects shall be deemed final by said board. Said board shall cause such examination to be both scientific and practical, but of sufficient severity to test the candidates' fitness to practice medicine and surgery. When desired, said examination may be conducted in the presence of the dean of any medical school or the president of any medical society of this State. After examination said board shall grant a license to such applicant to practice medicine and surgery in the State of Minnesota; which said license can only be granted by the consent of not less than seven (7) members of said Board, and which said license shall be signed by the president and secretary of said board, and attested by the seal thereof.

The fee for such examination shall be the sum of ten (\$10) dollars and shall be paid by the applicant to the treasurer of said board, toward defraying the expenses thereof; and such board may refuse or revoke a license for unprofessional, dishonorable or immoral conduct. In all cases of refusal or revocation the applicant may appeal to appointing power of said board.

Sec. 4. The person so receiving said license shall file the same, or a certified copy thereof, with the clerk of the district court in and for the county where he or she reside, and said clerk of the court shall file said certificate or copy thereof, and enter a memorandum thereof, giving the date of said license and name of the person to whom the same is issued, and the date of such filing, in a book to be provided and kept for that purpose; and said clerk of the court shall each year furnish to the secretary of said board a list of all certificates on file in his office, and upon notice to him of the change of the location or death of a person so licensed, or of the revocation of the license granted to such person, said clerk shall enter at the appropriate places in the record so kept by him, a memorandum of said fact; so that the records so kept by said clerk of the court shall correspond with the records of said board as kept by the secretary thereof. In case a person so licensed shall move into another county of this State, he or she shall procure from the clerk of the court a certified copy of said license, and file the same with the clerk of the district court in the county to which he or she shall so remove. Said clerk shall file and enter the same with like effect as if the same was the original license.

Sec. 5. This act shall not apply to commissioned surgeons of the United States army or navy, to physicians or surgeons in actual consultation from other states or territories, or to actual medical students practicing medicine under the direct supervision of a preceptor.

Sec. 6. Any person practicing medicine or surgery within this State without first having obtained the license herein provided for, or contrary to the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction shall be fined not less than fifty (50) nor more than one hundred (100) dollars, or by imprisonment in the county jail not less than ten (10) days, nor more than ninety days, or both fines and imprisonment. Any person shall be regarded as practicing within the meaning of this act who shall append the letters "M. D." or "M. B." to his or her name, or for a fee prescribe, direct or recommend for the use of any person any drugs or medicine, or other agency for the treatment, care or relief of any wound, fracture or bodily injury, infirmity or disease; provided, however, this act shall not apply to dentists. Justices of the peace and the respective municipal courts shall have jurisdiction over violations of the provisions of this act. It shall be the duty of the respective county attorneys to prosecute violations of this act.

Sec. 7. Chapter one hundred and twenty-five (125) of the General Laws of eighteen hundred and eighty-three (1883) is hereby repealed. It is, however, provided that all persons licensed under this act shall be taken and considered as licensed under this act. And the secretary of the board herein provided for shall enter the names of such persons upon the register so kept by him as licensed physicians and surgeons, without application or fee upon the part of the persons so licensed.

Sec. 8. This act shall take effect and be in force from and after July 1st, 1887.

Approved April 22nd, 1895.

REQUIREMENTS.

All persons desiring to practice medicine in Minnesota must pass an examination before the board at one of its regular quarterly meetings. The examinations are in writing, lasting two and one-half days, two hours being devoted to each subject.

Applicants shall be required to receive a general average of seventy-five per cent.

Each applicant, if he graduated after January 1st, 1899, will be required to make an affidavit, at the beginning of the examination, that he has attended four courses of lectures at a medical college, each course covering a period of not less than 26 weeks and no two courses being within the same year.

Each applicant if he graduated after July 1st, 1887, and before January 1st, 1899, will be required to make an affidavit, at the beginning of the examination, that he has attended three courses of lectures at a medical college, each course covering a period of not less than 26 weeks and no two courses being within the same year.

Applicants who graduated prior to July 1st, 1887, must pass an examination and are required to make affidavit of having attended two courses of lectures at a medical college.

1st. It is controlled by a Medical Society.

2nd. Its object is to support a medical library, which is open to all physicians.

3rd. Its advertising pages are clean—it prints no "reading notices" concerning pharmaceutical preparations. Its advertising pages are distinct from its reading matter. It is the only Journal west of Chicago, of which this can be said.

4th. It publishes the best medical literature produced in the northwest.

5th. It furnishes abstracts of the most important current medical literature of the world, making a special feature of the Scandinavian literature, which cannot be found elsewhere in English.

6th. It is a Medical Journal owned and published by medical men in the interest of, and for the advancement of the medical profession of the northwest.

\$2.50 Per Year = Issued monthly by the Ramsey County Medical Society, Lowry Arcade, St. Paul, Minnesota.

MISSISSIPPI

CAPITAL, JACKSON.

Population of State, 1,289,600.

(Census of 1890.)

Males	649,687	Native	1,281,648
Females	639,913	Foreign	7,952
White	544,851	Chinese	154
Colored	742,559	Indians	2,036

Number of Physicians, 1,510.

Mississippi extends from 30 degrees 20 minutes to 35 degrees north latitude and from 88 degrees 12 minutes to 91 degrees 40 minutes west longitude, and comprises an area of 47,156 square miles, or 30,179,840 acres. It is bounded on the north by Tennessee, on the south by Louisiana and the Gulf of Mexico, on the east by Alabama, and on the west by Arkansas and Louisiana.

The climate is warm, the winters being short and mild, the summers long and hot. The mean annual temperature as observed at Vicksburg is 65.57 degrees, that of the summer 80.52 degrees, and of the winter 50.45 degrees. The average annual rainfall is about 54 inches, ranging from 48 inches in the northwest to 64 on the gulf coast.

The following table shows increase in population for 70 years:

1820.....	75,448	1860.....	791,305
1830.....	136,621	1870.....	827,922
1840.....	375,651	1880.....	1,131,597
1850.....	606,526	1890.....	1,289,600

Rate of mortality in Mississippi, as computed from the U. S. Census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
1,289,600	14,899	11.55	6,339	8,560	11.63	11.49

Total number of deaths from consumption during 1890 was 1,433, which was at the rate of 1.11 per 1,000 of population, or 96.18 per 1,000 of total deaths.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

MEDICAL LAWS OF MISSISSIPPI.

Chapter 104, Annotated Code of Mississippi, 1892.

Sec. 2343. Every person who desires to practice medicine must first obtain a license to do so from the State Board of Health. (For penalty see Sec. 1258.)

3244. Every person who desires to obtain a license to practice medicine must apply therefor, in writing, to the State Board of Health, and must be examined by said board touching his learning in the following branches of medicine only, viz: Anatomy, chemistry, obstetrics, materia medica, physiology, pathology, surgery, and hygiene; and, if the applicant be found by the board, upon examination, to possess sufficient learning in said branches and be of good moral character, the board shall at once issue to him a license to practice medicine, which shall be signed by each member who approves of its issuance.

3245. The application for license must state: (1) The applicant's name in full; (2) his place of residence and postoffice address; (3) his nativity and age; (4) the time spent by him in medical studies; (5) the name and postoffice address of the preceptor under whom medical studies were pursued; (6) courses of medical lectures attended; (7) name of medical schools attended; (8) if a graduate of a medical college, name thereof; (9) time spent in a hospital; (10) time spent in the practice of medicine, if any; (11) school or system of practice chosen; (12) references as to his personal character.

3246. The State Board of Health shall meet at the capitol on the first Tuesday in the months of April and October in each year, for the purpose of examining applicants for license to practice medicine, and shall continue in session until all applicants are examined and the examinations are approved or disapproved. All examinations as to applicants' learning shall be upon written questions and answers, and distinction shall not be made between applicants because of the different systems or schools of practice that may be chosen.

3247. Every person who shall apply for license to practice medicine shall, before he will be entitled to be examined, pay a fee of ten dollars and twenty-five cents; of which ten dollars are to be divided equally between those members of the board who attend and conduct the examination of the applicant, and twenty-five cents to be paid to the secretary of the board for filing and preserving the application for license.

3248. A license to practice medicine may be of such form as the State Board of Health may prescribe; but it shall contain a statement showing the place of residence, postoffice address, and qualification of the applicant, both as to learning and moral character.

3249. Every person who receives a license to practice medicine must file it in the office of the clerk of the Circuit Court of the county in which he resides within sixty days from the date of its issuance; otherwise it shall become void. When the license is filed the clerk shall record the same, with his certificate of the filing thereto attached, in a suitable book to be kept in his office for that purpose, upon the payment by the licensee of the fee provided by law; and, when recorded, he shall deliver the original, on demand, to the licensee. Whenever the licensee shall change the county of his residence and of usual practice, he must, under like penalty, file the original or a certified copy of the license, or of the record thereof, in the office of said clerk, in the county into which he shall move and practice, within sixty days of the time of such removal, to be there recorded in like manner and under like penalty.

3250. If a license to practice medicine be issued and be lost, the State Board of Health may issue a duplicate license in lieu of the one lost.

3251. The secretary of the State Board of Health may issue under his signature a temporary license to anyone to practice medicine, which shall be valid until the next succeeding meeting of the board for examining applicants; such license shall show the date of its issuance, otherwise it shall be void. Only one temporary license shall ever be issued to the same person, and it shall always be made to an individual and not to a partnership. The secretary shall be entitled to twenty-five cents for such license, and the same shall be recorded as a permanent license is required to be, under like penalty for failure.

3252. Physicians practicing medicine by virtue of a license lawfully issued under the laws heretofore in force, are not required to obtain license under this chapter, and are entitled to continue the practice by virtue of the license which they now have; but the requirements as to recording licenses shall apply to the licenses of physicians heretofore obtained.

3253. Females engaged in the practice of midwifery are not prohibited from such practice, but are entitled to engage therein without license.

3254. Licensed physicians who reside without this state and whose practice of medicine extends into it, may obtain license to practice medicine in this state without being examined as to their learning by presenting a written application for a license, in the form prescribed, to the State Board of Health; whereupon the secretary of the board shall issue to the applicant a license in the name of the board, for which the secretary shall be entitled to receive a fee of twenty-five cents, and the license shall be recorded as hereinbefore provided in each county in which the licensee shall practice, with like penalty for a failure to record as in case of a resident physician.

3255. The Board of Public Contracts shall furnish to the State Board of Health such books, blanks and stationery as may be needed by it in carrying out the provisions of this chapter; and, at the request of the State Board of Health, shall deliver to the Secretary of State such record books as the clerks of the Circuit Court may need, in which to record licenses to practice medicine, to be by him promptly and safely transmitted at the cost of the state to such of said clerks as the Board of Health may designate.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

CAUTION.

Beware of so called Medical Directories, plagiarized from R. L. Polk & Co.'s Medical and Surgical Register of the U. S. and Canada, in violation of the copyright laws.

We have positive proof that some of the so-called State Medical directories issued since August, 1898, were copied from our 1898 Register and palmed off as new and original works.

Our friends will confer a favor upon us as well as render a service to the medical profession by promptly notifying us of such attempted frauds.

Missouri is bounded on the north by Iowa, on the south by Arkansas, on the east by the Mississippi river, which separates it from Illinois, Kentucky, and Tennessee, and on the west by Indian Territory, Kansas and Nebraska. It extends from 36 degrees 30 minutes to 40 degrees 30 minutes north latitude, and from 89 degrees 2 minutes to 95 degrees 50 minutes west longitude, and comprises an area of 63,350 square miles, or 40,824,000 acres. The Missouri river, which bisects the State laterally, divides Missouri into two distinct parts. The surface north of the river is generally level, while that south of it is undulating, becoming rougher and more mountainous as it approaches the Ozark mountains. The Mississippi and Missouri rivers with their numerous tributaries irrigate and drain every portion of the State. The climate is subjected to great extremes, the winters being very cold and the summers long and very warm. Despite this fact, the State is

considered a healthy one and is peculiarly suitable for persons suffering from consumption. The mean annual temperature as observed at St. Louis is 55 degrees, that of the summer 76.12 degrees, and that of the winter 32.90 degrees. The average annual rainfall is about 42 inches.

The following table shows increase in population for 70 years:

1820.....	66,557	1860.....	1,182,012
1830.....	140,455	1870.....	1,721,295
1840.....	383,702	1880.....	2,168,380
1850.....	682,044	1890.....	2,679,184

Rate of mortality in Missouri, as computed from the U. S. Census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
2,679,184	32,435	12.16	29,641	2,794	11.72	18.54

Total number of deaths from consumption during 1890 was 3,559, which was at the rate of 1.32 per 1,000 of population, or 109.72 per 1,000 of total deaths.

MEDICAL LAWS OF MISSOURI.

CHAPTER 110—ARTICLE I.

Sec. 6871. Practitioners of Medicine, Qualifications of.—Every person practicing medicine and surgery, in any of their departments, shall possess the qualifications required by this article. If a graduate of medicine, he shall present his diploma to the State Board of Health for verification as to its genuineness. If the diploma is found to be genuine, and if the person named therein be the person claiming and presenting the same, the State Board of Health shall issue its certificate to that effect, signed by at least four of the members thereof, and such diploma and certificate shall be deemed conclusive as to the right of the lawful holder of the same to practice medicine in this State. If not a graduate, the person practicing medicine in this State shall present himself before said board, and submit himself to such examination as the said board shall require, and if the examination be satisfactory to the examiners the said board shall issue its certificate in accordance with the facts, and the lawful holder of such certificate shall be entitled to all the rights and privileges herein mentioned. (Laws of 1883, p. 115.)

Sec. 6872. Board of Health to Issue Certificates, When.—The State Board of Health shall issue certificates to all who shall furnish satisfactory proof of having received diplomas or licenses from legally chartered medical institutions in good standing, of whatever school or system of medicine. They shall prepare two forms of certificates, one for persons in possession of diplomas or licenses, the other for candidates examined by the board. They shall furnish to the county clerks of the several counties a list of all persons receiving certificates: Provided, that nothing in this article shall authorize the board of health to make any discrimination against the holders of genuine licenses or diplomas under any school or system of medicine. (Laws 1883, p. 115.)

Sec. 6873. Verification of Diplomas.—Said State Board of Health shall examine diplomas as to their genuineness, and if the diplomas shall be found genuine, as represented, the secretary of the State Board of Health shall receive a fee of one dollar from each graduate or licentiate, and no further charge shall be made to such applicant; but if it be found to be fraudulent, or not lawfully owned by the possessor, the board shall be entitled to charge and collect twenty dollars of the applicant presenting such diploma. The verification of the diploma shall consist in the affidavit of the holder and applicant, that he is the lawful possessor of the same, and that he is the person therein

named; such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such officer, if he have a seal. Graduates may present their diplomas and affidavits as provided in this article, by letter or by proxy, and the State Board of Health shall issue a certificate as though the owner of the diploma were present. (Laws 1883, p. 115—a.)

Sec. 6874. Examinations Made by Board.—All examinations of persons not graduates or licentiates shall be made directly by the board, and the certificates given by the board shall authorize the possessor to practice medicine and surgery in the State of Missouri. (Laws of 1883, p. 115.)

Sec. 6875. Certificates to be Recorded with County Clerk.—Every person holding a certificate from the State Board of Health shall have it recorded in the office of the county clerk of the county in which he resides, and the record shall be endorsed thereon. Any person removing to another county to practice medicine and surgery shall procure an indorsement to that effect on the certificate from the clerk of the county court, and shall have the certificate recorded in the office of the clerk of the county to which he removes, and the holder of the certificate shall pay to said clerk of said county the usual fees for making the record. (Laws 1883, p. 115.)

Sec. 6876. Clerk to Keep List of Certificates, etc.—The county clerk shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of issue. If the certificate be based on a diploma or license, he shall record the name of the medical institution conferring it, and the date when conferred. The register of the county clerk shall be open to public inspection during business hours. (Laws of 1883, p. 115.)

Sec. 6877. Examination Made in Writing.—Examinations may be made in whole, or in part, in writing and shall be of an elementary and practical character, but sufficiently strict to test the qualifications of the candidates as a practitioner. (Laws 1883, p. 115.)

Sec. 6878. Certificates—When Revoked.—The State Board of Health may refuse certificates to individuals guilty of unprofessional or dishonorable conduct, and they may revoke certificates for like causes, after giving the accused an opportunity to be heard in his defense before the board. (Laws 1883, p. 115.)

Sec. 6879. Who Regarded as Practicing Medicine.—Any person shall be regarded as practicing medicine within the meaning of this article, who shall profess, publicly, to be a physician, and to prescribe for the sick, or who shall append to his name the letters "M. D.," but nothing in this article shall be construed to prohibit students from prescribing under the supervision of a preceptor, or to prohibit gratuitous services in cases of emergency; and this article shall not apply to commissioned surgeons of the United States army, navy and marine hospital service. (Laws 1883, p. 115.)

Sec. 6880. Itinerant Venders of Drugs, etc., to Pay License; Penalty.—Any itinerant vender of any drug, nostrum, ointment or appliance of any kind, intended for the treatment of disease or injury, or who shall, by writing or printing, or any other method, publicly profess to cure or treat diseases, injuries or deformities by any drug, nostrum, manipulation or other expedient, shall pay to the State a license of one hundred dollars per month, to be collected as provided for by law, as all other licenses are now collected; and any person violating the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not to exceed five hundred dollars, or by imprisonment in the county jail not to exceed six months, or by both such fine and imprisonment. (Laws 1883, p. 115.)

Sec. 6881. Penalty for Violating Provisions of this Article.—Any person practicing medicine or surgery in this State without complying with the provisions of this article shall be deemed guilty of a misdemeanor, and be punished by a fine of not less than fifty dollars nor more than five hundred dollars, or by imprisonment in the county jail for a period of not less than thirty days nor more than three hundred and sixty-five days, or by both such fine and imprisonment, for each and every offense; and any person filing or attempting to file as his own the diploma or certificate of another, or a forged affidavit or identification, shall be guilty of a felony, and upon conviction thereof shall be subject to such fine and imprisonment as are made and provided by the statutes of this State for the crime of forgery in the second degree, but the penalties shall not be enforced until a period of six months after the passage of this law: Provided, That the provisions of this article shall not apply to those persons who have been practicing medicine five years in this State. (Laws of 1883, p. 115.)

Sec. 6882. Who to Perform duties of County Clerk in St. Louis City.—Whenever in this article it is provided that any duty or service shall be performed by any county clerk, such duty and service in the city of St. Louis shall be performed by the city register or health commissioner of the city of St. Louis, as if such officer were specially named to perform these duties and services. (Laws 1883, p. 115.)

BONNER SPRINGS LODGE

BONNER SPRINGS, KANSAS.

(A Suburb of Kansas City, Mo.)

A pleasant home for nervous invalids and narcotic habitues. The attention of the medical profession is respectfully called to the advantages offered at this institution in the care and treatment of Hysteria, Neurasthenia, Melancholia, Morphineism, Inebriety and the various psychoses. For the disorders mentioned a skillful combination of the family plan, or home treatment, with the appliances and regime of a first-class sanitarium are to be found at the Lodge. Far removed from the dust and heat of the city, the clang of car bells and the many distractions of a commercial center, we have a handsome and commodious structure of fifty rooms, with 500 feet of broad verandas, steam heat, sanitary plumbing, baths, electricity, abundant water of the finest quality, a high and healthy location, a beautiful lawn, a magnificent view of the Kaw river and valley and a park of eighty acres, containing many medical springs of undoubted value.

The Lodge is under the daily personal supervision of Dr. M. P. Sexton, of Kansas City, Mo., who is a member of the regular medical profession and devotes his exclusive attention to nervous and mental diseases.

Particular attention is called to the fact that a nurse is assigned to each patient. Although this involves some additional expense, experience warrants the statement that the investment is a good one, individual attention being the keynote to success in these cases.

The Lodge is conducted upon strictly ethical lines, no patronage being solicited except through the profession.

The charge varies from \$25.00 to \$50.00 per week, according to the circumstances of the case and the amplitude of accommodations desired.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

Adopted by the U. S. Army...

As an indication of the great practical value of "SAUNDERS' MEDICAL HAND-ATLASES," it should be noted that the Medical Department of the U. S. Army has adopted the Atlas of Operative Surgery as its standard, and has ordered the book in large quantities for distribution to the various regiments and army posts. (See pages 84, 85, 86.)

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The

MONTANA.

CAPITAL, HELENA.

Population of State, 132,159.

(Census of 1890.)

Males	87,882	Native	89,063
Females	44,277	Foreign	43,096
White	127,271	Chinese	2,538
Colored	1,490	Indians	860

Number of Physicians, 311.

Montana extends from 104 degrees to 116 degrees west longitude, and from 44 degrees 25 minutes to 49 degrees north latitude, and is bounded on the north by the British possessions, on the south by Idaho and Wyoming, on the west by Idaho, and on the east by the Dakotas. It contains an area of 143,776 square miles, or 92,016,640 acres.

The western portion of the State is mountainous and the eastern is a vast rolling table land. The principal range of the Rocky mountains extends along the southwestern boundary of the State, and the scenery in many parts is grand and picturesque. Besides the two great rivers, the Missouri and the Columbia, which have their sources in Montana, there are a number of other noble streams in the State, notably the Yellowstone, Jefferson, Madison, Musselshell, Gallatin and Deer Lodge rivers.

The climate is milder than the latitude and elevation would seem to indicate, the mean annual temperature as observed at Helena being 43.04 degrees, that of the summer 70.28 degrees, and of the winter 19.16 degrees.

The following table shows increase in population since 1870:

1870.....	20,595	1890	132,159
1880.....	39,159		

Rate of mortality in Montana, as computed from the U. S. census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
132,159	1,012	7.66	986	26	7.75	5.03

The total number of deaths from consumption during 1890 was 55, which was at the rate of .42 per 1,000 of population, or 54.34 per 1,000 of total deaths.

MEDICAL LAW OF MONTANA.

AN ACT to regulate the practice of medicine in the State of Montana, and to provide for the examination and issuing of certificates to persons desirous of practicing the same; and for the punishment of persons violating the provisions of this act, and to appropriate money therefor.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. The governor, with the advice and consent of the senate, shall appoint seven learned, skilled and capable physicians, who shall have been residents of the State of Montana for not less than two years preceding their appointment, not more than two of whom shall be from the same county, and who have attended three courses of lectures, and are graduates of accredited colleges of medicine, who shall constitute the board of examiners for the purposes of this act. The physicians so appointed shall hold their respective offices for seven years; Provided, That the terms in office of those constituting the present board shall not be affected by the provisions of this act; and the terms of their successors shall be so arranged as to succeed the present incumbents as their terms expire, and provided also, that all vacancies occurring shall be likewise filled by appointment by the governor by the advice and consent of the senate. Appointments made when the senate is not in session shall take effect immediately, and may be confirmed at the next ensuing session.

Sec. 2. The board of medical examiners must, on the first Tuesday of April of each year, elect from among their number a president, secretary and treasurer, and must have a seal. Four members of said board shall constitute a quorum. The president and secretary have the power to administer oaths in examination of applicants for certificates, and witnesses called before the board in the transaction of business under the provisions of this act. The board of examiners must hold meetings for examinations at the seat of government on the first Tuesdays of April and October of each year, and at such other times and at the same and other places as the board may determine. The board must keep a record of all proceedings thereof and also a register of all applicants for a certificate, with the age of the applicant, time spent in the study of medicine, and the name and location of all the institutions granting to such applicant degrees or certificates of lectures attended in medicine or surgery. The register must also show whether such applicant was rejected, or has received a certificate under this act; such register is prima facie evidence of all the matters therein kept.

Sec. 3. Every person hereafter wishing to practice medicine or surgery in any of their departments in this State, shall apply to said board for a certificate so to do. Every person applying shall present his or her diploma to the said board of examiners for verification as to its genuineness; and if the diploma is found genuine and is issued by a medical school legally organized and in good standing, whose teachers are graduates of a legally organized school, which facts the said board of examiners shall determine, and if the person presenting and claiming said diploma be the person to whom the same was originally granted, at a time and place designated by said board, or at a regular meeting of said board, said applicant shall submit to an examination in the following branches, to wit: Anatomy, physiology, chemistry, histology, materia medica, therapeutics, preventive medicine, practice of medicine, surgery, obstetrics, diseases of women and children, diseases of the nervous system, diseases of the eye and ear, medical jurisprudence, and such other branches as the board shall deem advisable, and present evidence of having attended four courses of lectures of at least six months each, but such evidence of attending such four

courses of lectures shall not be required of applicants graduating prior to July 1, 1898; said board shall cause such examination to be both scientific and practical, but of sufficient thoroughness and severity to test the candidate's fitness to practice medicine and surgery; when desired, such examination may be conducted in the presence of the dean of any medical school, or the president of any medical society of this State. After examination such board shall, if the candidate has been found qualified, grant a certificate to such candidate to practice medicine and surgery in the State of Montana; which said certificate can only be granted by the consent of not less than four members of the said board and which certificate shall be signed by the president and secretary of said board and attested by the seal thereof: Provided, however, that during the intervening period of the sessions of the board, any person desiring to practice medicine in this State may present his or her diploma to the president or secretary of the board, who may issue a certificate good until the next regular meeting of the board; and provided further, that all physicians and surgeons who hold certificates granted by the now existing board of medical examiners shall be exempt from the provisions of this section.

Sec. 4. The board may refuse to grant a certificate for unprofessional, dishonorable or immoral conduct. Before a certificate can be refused for such cause the board must serve in writing upon the applicant a copy of any charge or charges against him and appoint a day for hearing, at which the applicant or any witnesses in his behalf may appear and give testimony in refutation of such charges. In case the board after such hearing refuse a certificate to the applicant, the decision specifically stating the ground upon which such refusal was made must be reduced in writing and a copy thereof delivered to the applicant upon demand of the applicant. Upon a like hearing the board may refuse a certificate to any one who may publicly profess to cure or treat disease, injury or deformity in such a manner as to deceive the public. The hearing provided for herein must take place within 20 days after the service of the copy of the charges upon the applicant, unless delayed by, or further time is granted to the applicant, and the decision of the board must not be later than 10 days after the day of hearing. If the decision is not rendered within said period of 10 days the applicant is not subject to any penalties for practicing without a certificate during the time that elapses before the decision is made. The board, with the concurrence of four members thereof, may revoke a certificate for unprofessional, dishonorable or immoral conduct. Before such revocation can take place, a written complaint specifically stating the charges against the person whose certificate is sought to be revoked must be delivered to the board and a copy thereof be served upon such person 20 days before the time fixed by the board for the hearing of such charges. The board must fix the time and place for the hearing at which the person charged may appear and produce testimony in refutation of such charges. If, after such hearing, the board revoke the certificate of such person, the ground upon which such revocation is made must be specifically stated by the board in writing, and a copy thereof delivered, on demand, to the person whose certificate is revoked. In all cases of the refusal or revocation of a certificate to practice medicine by the said board the person aggrieved thereby may appeal from the decision of the board to the district court of the county in which such revocation or refusal was made. The appeal is taken by the appellant serving notice of appeal upon any officer of the board within 30 days after receiving from the board a copy of the decision and filing within the same time with the clerk of the proper district court a verified copy of the decision appealed from, together with a verified copy of any charges furnished by the board to the appellant. The appeal is conducted to a determination in all respects as an appeal from a decision of a board of county commissioners disallowing a claim. The district court must affirm or reverse the decision of the board of medical examiners. In case of reversal a certified copy of the judgment is equivalent to a certificate permitting the appellant to practice medicine and surgery. An appeal may be taken from the judgment of the district court by either party to the supreme court within 60 days from the entry thereof, in like manner as in civil cases. In case of an appeal from a decision revoking a certificate the appellant may be permitted, in the discretion of the court, to practice during the pendency of the appeal.

Sec. 5. Every person obtaining a certificate from the board must, within 60 days from the date thereof, have the same recorded in the office of the county clerk in the county wherein he resides; if he removes from one county to another to practice medicine or surgery, his certificate must immediately be recorded in the county to which he removes. The county clerk must endorse upon the certificate the date of record, and he is entitled to charge and receive his usual fees for such services, the fee to be paid by the applicant. Until the certificate be recorded, as provided by this section, the physician practicing under it is subject to the penalties prescribed in the penal code for practicing without a certificate.

Sec. 6. This act shall not apply to midwives of skill and experience, commissioned surgeons of the United States army and navy in the discharge of their official duties, nor to physicians and surgeons in actual consultation from other states and territories.

Sec. 7. Any person practicing medicine within this State contrary to the provisions of this act shall, for each violation of the provisions of this act, be guilty of a misdemeanor, and upon conviction shall be fined not more than \$500 nor less than \$100, or by imprisonment in the county jail not more than 90 days nor less than 30 days, or by both said fine and imprisonment as the court may determine. Any person shall be regarded as practicing within the meaning of this act who shall append the letters M. D. to his or her name, who shall profess publicly to be a physician or surgeon, or who shall recommend, prescribe or direct, for the use of any person, any drug, medicine, appliance, apparatus or other agency, whether material or not material, for the cure, relief or palliation of any

ailment or disease of the mind or body, or for the cure or relief of any wound, fracture or bodily injury, or other deformity, after having received or with the intent of receiving therefor, either directly or indirectly, any bonus, gift or compensation.

Sec. 8. Candidates for examination shall pay in advance to the secretary of the board of medical examiners a fee of fifteen dollars (\$15), which fee shall defray the entire expense of said candidates for examination before the aforesaid board of examiners. Any one failing to pass the required examination shall be entitled to a second examination within six months, without fee. And the moneys so received shall be turned over to the state treasurer, to be by him deposited in the medical board fund, as hereinafter provided.

Sec. 9. Each member of the board is hereby allowed the sum of \$5 per day and mileage while in the active and necessary discharge of his duties. And there is hereby established a fund to be known as the medical board fund. And a sum of fifteen hundred dollars (\$1,500) is hereby annually appropriated out of any moneys in the state treasury not otherwise appropriated to meet the expenses incurred in carrying out the provisions of this act. The state treasurer is hereby directed and required to set such sum apart to the credit of such fund, subject to the orders and disbursements as herein provided for. The money in said fund shall only be paid out by warrant on said fund on an order drawn by the secretary of said board, countersigned by the president. The rate of mileage and attendance before said board shall be the same as is now allowed in justice of the peace courts. And the board must report annually on the first Monday of November to the governor, which report must show all the transactions of the board, giving the number of applications received, and from whom received, the number of certificates granted and rejected, and the names of those receiving certificates and those rejected, giving the reasons therefor, the amount of money received, the expenses, the fees and mileage paid, and by whom received, and the amount of money remaining in said fund.

Sec. 10. Article XVII, chapter III, title I, part III, political code, and all acts and parts of acts in conflict with this act are hereby repealed.

Sec. 11. This act shall take effect and be in force from and after July 1, 1895.

Nebraska extends from 40 degrees to 43 degrees north latitude, and from 95 degrees 13 minutes to 104 degrees west longitude, and is bounded on the north by South Dakota, on the south by Kansas and Colorado, on the east by Iowa and Missouri, and on the west by Colorado and Wyoming. It comprises an area of 75,995 square miles, or 48,636,800 acres. The climate is salubrious, the mean annual temperature as observed at Omaha being 49.28 degrees, that of summer 74.26 degrees, and that of the winter 23.36 degrees. The average annual rainfall is about 26 inches.

The following table shows increase in population from 1860 to 1890:

1860.....	28,841	1880.	452,402
1870.....	122,993	1890.....	1,058,910

Rate of mortality in Nebraska, as computed from the U. S. Census of 1890:

MEDICAL LAWS OF NEBRASKA.

AN ACT to establish a State board of health, to regulate the practice of medicine in the State of Nebraska, and to repeal Sections one (1) to eleven (11), inclusive, of Chapter fifty-five (55) of Compiled Statutes of Nebraska, entitled "An Act to Regulate the Practice of Medicine," approved March 3, 1881, and amended in 1883, and all other acts inconsistent herewith, and provide a penalty for the violation of this act. Laws, 1891, Chapter 35. Took effect July 5, 1891. Amended 1897. Act constitutional in its general scope. Form of indictment. 46 Neb. 157. Object of act to prevent imposition upon afflicted.

Section 1. There shall be established in the State of Nebraska a board to be styled the State board of health. Said board shall consist of the governor, attorney-general and superintendent of public instruction, and the governor shall be ex-officio chairman of said board.

Sec. 2. Said board shall meet upon the call of the governor and within 30 days after the approval of this act and shall meet thereafter as often and at such times as the governor may from time to time designate.

Sec. 3. Said board shall, within 60 days after the approval of this act, appoint four secretaries, who shall be graduated physicians of at least seven years' consecutive practice, who shall be at the time of their appointment actually engaged in practice in the State of Nebraska; one of whom shall be appointed for the term of one year, one for the term of two years, one for the term of three years and one for the term of four years; and thereafter it shall be the duty of said board to appoint or reappoint one secretary every year as the term of those theretofore appointed shall expire, but each secretary shall continue in office until his successor shall have been appointed. Said appointments shall be made so that of said secretaries two shall be physicians of the so-called regular school, one of the so-called eclectic school and one of the so-called homeopathic school.

Sec. 4. Said secretaries shall have power and it shall be their duty to assist and advise said board in the performance of its duties as prescribed by this act; to summon witnesses and take testimony in the same manner as witnesses are summoned and depositions taken under the Code of Civil Procedure, and to report said testimony to the board, together with their findings of fact and recommendations on all matters coming before said board requiring evidence for their determination, except as hereinafter provided.

Sec. 5. It shall be the duty of said board to see that all the provisions of this act are strictly enforced; to grant certificates as herein provided, and to cause to be prosecuted all violations of this act. Said board shall have and use a common seal, and may make and adopt all necessary rules, regulations and by-laws not inconsistent with the constitution and law of this State or of the United States, to enable it to perform its duties and transact its business under the provisions of this act.

Sec. 6. A majority of said board shall constitute a quorum for the transaction of business.

Sec. 7. It shall be unlawful for any person to practice medicine, surgery or obstetrics, or any of the branches thereof, in this State without first having obtained and registered the certificate provided for by this act; and no person shall be entitled to the certificate herein provided for unless he shall be a graduate of a legally chartered medical school or college in good standing; said qualifications to be determined by the board. Provided, however, that nothing in this act shall be construed to prevent physicians residing in other States from visiting patients in consultation with resident physicians who have complied herewith.

Sec. 8. The term "medical school or college in good standing" shall be defined as follows, to-wit: A medical school or college requiring a preliminary examination for admission to its course of study in all the common branches, and in Latin and the higher mathematics, which requirements shall be regularly published in all the advertisements and in each prospectus or catalogue issued by said school, which medical school or college shall also require as a requisite for granting the degree of M. D. attendance upon at least four courses of lectures of six months each, no two of said courses to be held within one year, and having a full faculty of capable professors in all the different branches of medical education, to-wit: Anatomy, physiology, chemistry, toxicology, pathology, hygiene, materia medica, therapeutics, obstetrics, bacteriology, medical jurisprudence, gynecology, principles and practice of medicine and surgery, and specially requiring clinical instruction in the two last named of not less than four hours per week in each during the last two courses of lectures: Provided, that this four years' clause shall not apply to degrees granted, or to be granted, prior to August, 1898.

Sec. 9. It shall be the duty of all persons intending to practice medicine, surgery or obstetrics in the State of Nebraska, before beginning the practice thereof, in any branch thereof, to present his diploma to said board, together with his affidavit that he is the lawful possessor of the same; that he has attended the full course of study required for

Such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such official, if he has a seal; and any person swearing falsely in such affidavit shall be guilty of perjury and subject to the penalty thereof.

Sec. 10. If, upon investigation of said diploma and affidavit, the applicant shall be found entitled to practice, there shall be issued to said applicant the certificate of said board, under its seal and signed by its secretaries, stating such fact, and it shall be the duty of the applicant, before practicing, to file such certificate, or a copy thereof, in the office of the county clerk of the county in which he or she resides or in which he or she intends to practice; such certificate or copy shall be filed by the county clerk and by him recorded in a book to be kept for that purpose, properly indexed, to be called the "Physicians' Register"; and for such services the county clerk shall receive from the applicant the same fees as are allowed to the register of deeds for the recording of conveyances.

Sec. 11. Exceptions to act. (Defines status of those engaged in practice in Nebraska when this act was passed in 1891.)

Sec. 12. It shall be the duty of said secretaries to keep a full record of all the acts and proceedings of said board and of all certificates granted thereby, together with the proof upon which certificates are granted; but when said proof in any case shall have been on file in the office of said board for ten days said certificate may be issued by said secretaries without a vote of the board, if no protest has been filed, and if, in their opinion, said proof complies with the provisions of this act.

Sec. 13. Any person who shall have obtained a certificate provided by this act, and shall remove to another county, shall, before the entering upon the practice of his profession in such other county, cause said certificate to be filed and recorded in the office of the county clerk of the county to which he has removed.

Sec. 14. The board may refuse certificates to persons guilty of unprofessional or dishonorable conduct, and it may revoke certificates for like cause; provided, always, that they have given the person an opportunity to be heard in his or her defense.

Sec. 15. No person shall recover in any court in this State any sum of money whatever for any medical, surgical or obstetrical services unless he shall have complied with the provisions of this act and is one of the persons authorized by this act to be registered as a physician.

Sec. 16. Any person not possessing the qualifications for the practice of medicine, surgery or obstetrics required by the provisions of this act, or any person who has not complied with the provisions of this act, who shall engage in the practice of medicine, surgery or obstetrics, or any of the branches thereof, in this State, shall be deemed guilty of a misdemeanor, and, on conviction thereof, shall be fined in any sum not less than fifty dollars (\$50) nor more than three hundred dollars (\$300), and costs of prosecution for each offense, and shall stand committed until such fine and costs are paid.

Sec. 17. Any person shall be regarded as practicing medicine within the meaning of this act who shall operate or profess to heal or prescribe for or otherwise treat any physical or mental ailment of another. But nothing in this act shall be construed to prohibit gratuitous services in case of emergency, and this act shall not apply to commissioned surgeons in the United States army and navy, nor to nurses in their legitimate occupations, nor to the administration of ordinary household remedies.

Sec. 18. Any itinerant vendor of any drug, nostrum, ointment or appliance of any kind intended for the treatment of any disease or injury, or who shall, by writing, printing or any other method, publicly profess to cure or treat diseases or injury or deformity, by any drug, nostrum, manipulation or other expedient, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be fined in any sum not less than fifty dollars (\$50) nor more than one hundred dollars (\$100), or be imprisoned in the county jail for a period of not less than thirty (30) days nor more than three (3) months, or both, in the discretion of the court, for each offense.

Sec. 19. Each applicant for a certificate of registration shall pay a fee of ten dollars, which shall be equally divided between the four secretaries as their sole remuneration for their services and for issuing certificate. Provided, That for the taking of any necessary testimony the said secretaries shall be entitled to charge and to receive such fees as are provided for notaries public for similar services.

RULES adopted by the Nebraska State board of health, February 3, 1898.

Rule 1. That this board will hereafter refuse to issue a State certificate to applicants who present diplomas from foreign countries as a basis for registration, unless the holder of said diploma has passed the State examination and received a certificate entitling him to practice medicine and surgery in the country in which his diploma was issued, or unless he is a licentiate of a recognized college of physicians and surgeons authorized to grant licenses.

2. That in future no certificate will be issued without letters of recommendation with regard to the moral and professional character of the applicant from at least two reputable medical men who live in Nebraska, or, if from non-residents of this State, such letters must be endorsed by reputable medical men of Nebraska.

Explanation.—The constitution of Nebraska places a distinct limitation upon the number of State officers, hence such bodies as the board of railroad commissioners, board of health, etc., can only exist under the guise of "secretaries" to a real board comprised of certain State officers. Some misgivings were entertained in the early years of medical law as to the efficiency of the work carried out under this restriction. However, experience has shown this fear to be groundless, for no action of the medical secretaries has

been opposed by the board proper, and their reports and decisions regulating the practice of medicine have been uniformly sustained. The constitutionality of our law has been upheld by the Nebraska Supreme Court in every case which has come before it for a decision.

Under the statute of 1891 the required time standard for a medical college in good standing was three courses of lectures of not less than six months each, and the fee for a certificate was placed at \$5.00. An entrance examination for students was specified, but not defined in detail.

The amendment in 1897 defines what the entrance examination to medical colleges recognized by this board shall consist of, and changes the time requirement from a three to a four-year course, the latter provision to apply to all diplomas granted after August, 1898. The fee to be paid by applicant was increased to \$10.00.

Under the present working of our law about twenty per cent. of applicants fail to comply with our standard. Not all of this twenty per cent. make formal application, many being notified by correspondence that it would be useless to present their credentials. Some withdrew their applications. Of 155 applications upon which the board passed during 1898 thirteen were rejected, and two of those granted were later revoked.

The rule adopted requiring letters of recommendation has been found of the greatest service to the board, leading at once to the detection of a large class of diploma-holding quacks whose identification would be otherwise impossible. No reputable physician has found the least difficulty in complying with this rule.

Quite a large number of medical schools, both in the east and west, still maintain the three years' course. Such colleges will find their graduates absolutely unable to qualify in Nebraska, and thus our advanced ground in medical legislation becomes a potent factor in advancing the standard of medical education in the United States.

MEDICAL LAWS OF NEVADA.

AN ACT providing for the creation of a State board of medical examiners, and to regulate the practice of medicine and surgery in the State of Nevada. Approved March 15, 1899. The People of the State of Nevada, represented in Senate and Assembly, do enact as follows:

Section 1. A State board of medical examiners, to consist of five practicing physicians, is hereby created, whose duty it shall be to carry out the purposes and enforce the provisions of this act. The members of said board shall be appointed by the governor; they shall each be a reputable practicing physician, duly licensed as such by some legally chartered medical college of the United States, and who shall have been actually engaged in the practice of medicine and surgery in the State of Nevada at least five years immediately prior to their respective appointments; three of whom shall be appointed from the school of medicine known as the "regular" physicians, and one of whom shall be of the school known as the "homœopathic," and one of whom shall be of the school known as the "eclectic," whenever the resident physicians of the State shall afford sufficient members of these respective schools. They shall be appointed by the governor for the terms, respectively, one for five years, one for four years, one for three years, one for two years and one for one year, from the date of their appointments. In case of a vacancy occurring in said board through death, resignation or permanent removal from the State, such vacancy shall be filled by the governor by the appointment of a person duly qualified under this act to fill the unexpired term of the person in whose stead the appointment is made. Each appointment, after the expiration of the terms for which appointments shall first be made, shall be for five years next ensuing the period for which the said first appointments are made.

Sec. 2. Said board shall choose one of its members president and one thereof secretary, who shall hold their offices for one year from the date of their selection. The first members appointed on said board shall meet and organize at the State Capitol in Carson City, Nevada, on the first day of May, 1899, and thereafter they shall meet twice in each year, on the first Monday of May and November, at such place as shall be most convenient to the said board and the applicants for authority to practice in this State. And due notice shall be given by publication in a newspaper of all such meetings.

Sec. 3. Said board shall procure a seal and shall receive through their president or secretary applications for examinations or certificates; the president and secretary shall have authority to administer oaths and the board to take testimony in all matters relating to its duties; it shall issue certificates to all who furnish satisfactory proof of having received diplomas or licenses from reputable and legally chartered medical institutions of the United States which are in good standing, or from the State examining board of any State of the United States, providing the holder of said State certificate has been practicing in this State for at least five years. It shall prepare two forms of certificates, one for persons who present to it satisfactory diplomas or licenses, and the other for candidates who may be examined by the board, and whenever a certificate is issued by said board it shall notify the respective county clerks of the several counties within this State of the issuance of such certificate or certificates; and it shall be the duty of said clerks to keep and file said notices and also keep a list of the persons to whom issued.

Sec. 4. Said board shall also issue a certificate to any person who shall have been regularly engaged in the practice of medicine and surgery within this State for five years immediately preceding the passage of this act, and who, after an examination by said board, shall be found to be qualified to practice medicine and surgery. It shall also issue a certificate to any person who has had issued to him a diploma or license from any reputable school or college of medicine and surgery which is located without the United States, upon the applicant being found competent after having passed a satisfactory examination by the said board. When the board is not in session its secretary may issue a temporary certificate whenever an applicant shall have deposited the usual fee and filed his diploma or license with him, and such temporary certificate shall entitle the holder to practice until the next regular meeting of said board. And all examinations of applicants to practice shall be thorough and searching, and shall be in the following branches:

Anatomy, physiology, chemistry, materia medica, therapeutics, principles and practice of medicine, principles and practice of surgery, gynecology, obstetrics, ophthalmology, pathology and all subjects relating to the practice of medicine and surgery. The board may judge whether the college and institution which issued any diploma or license presented to it is reputable and legally chartered and worthy of recognition, subject to the action of the courts in cases of abuse of its discretion in this respect.

Sec. 5. With each application for authority to practice medicine and surgery there shall be deposited with the board, or its president or secretary, the sum of twenty-five dollars (\$25), lawful money of the United States, and all money collected by said board shall be used by it to defray its legitimate expenses.

Sec. 6. It shall be unlawful for any person to present to said board any forged or fraudulent diploma or license, or one which was not issued to the person presenting the same, and any person who shall so present such a diploma or license shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not less than five hundred dollars or by imprisonment in the county jail for a period of not less than fifty nor more than one hundred and eighty days, or by both such fine and imprisonment for each and every offense.

Sec. 7. Any person to whom a diploma or license has been issued may present the same in person, by letter or by proxy, to the board, accompanied by proof to the satisfaction of the board that such diploma or license was issued to the person presenting the same, and if the board shall be satisfied with such proof, and also satisfied as to the character and standard of the college or institution within the United States which issued said diploma or license, said board shall thereupon issue its certificate to the applicant.

Sec. 8. Every person to whom a certificate from the board of examiners shall have issued, shall, before he enters upon the practice of medicine or surgery in this State, have such certificate recorded in the office of the county recorder of the county in which he resides.

Sec. 9. The board may refuse a certificate to any individual guilty of unprofessional or dishonorable conduct, and may revoke any certificate for a like cause. In all cases of refusal or revocation the party aggrieved may appeal to the courts for adjudication of the controversy.

Sec. 10. Any person shall be regarded as practicing medicine, within the meaning of this act, who shall profess publicly to be a physician or surgeon, or who shall prescribe for the sick or profess to cure the sick by the administration of drugs or other means, or shall append to his name the letters "M. D."; but nothing in this act shall be construed to prohibit any gratuitous services in cases of emergency, or to commissioned surgeons in the United States army or navy.

Sec. 11. All moneys received by this board shall be paid out on its order for its actual necessary expenses and the expenses of its members incurred in attending its meetings, and in case the money received by said board shall be insufficient to meet its actual expenses, and the actual traveling expenses of its members in attending its meetings, then the board shall certify to the State controller, under its seal and over the signatures of its president and secretary, the amount actually necessary to meet the remainder of the traveling expenses of its members for attending such meetings, and upon the receipt of such certificate the controller shall draw his warrant upon the State treasurer for the same, which shall be payable out of any funds in the State treasury not otherwise appropriated.

Sec. 12. A majority of said board shall constitute a quorum to transact all business. All certificates issued by said board shall bear its seal and the signatures of the president and secretary, and shall authorize the person to whom it is issued for that purpose to practice medicine or surgery in any and all counties in this State upon complying with the requirements of this act.

Sec. 13. Any person practicing medicine or surgery in this State, without first complying with the provisions of this act, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not less than one hundred dollars (\$100), or by imprisonment in the county jail for not less than fifty days or more than one hundred and eighty days for each and every such offense, or by both such fine and imprisonment. Any person may institute proceedings at law provided for in this act, and it shall be the duty of the board of medical examiners, or any member thereof, whenever satisfied that any of the provisions of this act have been violated, to institute or cause to be instituted the proper proceedings for a punishment thereof.

Sec. 14. No member of the board of medical examiners of this State shall receive any compensation for any service or services rendered under the provisions of this act.

Sec. 15. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

Sec. 16. This act shall take effect, so far as the certificates provided for are concerned, and be in force in that respect, on and after the first day of May, 1899, and in all other respects it shall take effect upon its approval.

New Hampshire

New Hampshire is bounded on the north by Canada, on the south by Massachusetts, on the east by Maine and the Atlantic ocean, and on the west by Vermont, and extends from 42 degrees 41 minutes to 45 degrees 11 minutes north latitude, and from 70 degrees 40 minutes to 72 degrees 28 minutes west longitude. It comprises an area of 9,280 square miles, or 5,939,200 acres.

The following table shows the increase in population for 70 years:

1820...	244,022	1860.....	326,073
1830.....	269,328	1870.....	318,300
1840.....	284,574	1880.....	346,991
1850.....	317,976	1890.....	376,530

Rate of mortality in New Hampshire, as computed from the U. S. census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
376,530	7,074	18.79	7,057	17	18.72	24.64

Total number of deaths from consumption during 1890 was 729, which was at the rate of 1.93 per 1,000 of population, or 103.05 per 1,000 of total deaths.

MEDICAL LAWS OF NEW HAMPSHIRE.

AN ACT to regulate the licensing and registration of physicians and surgeons.

Be it enacted by the Senate and House of Representatives in General Court convened:

Section 1. No person shall hold himself out to the public as a physician or surgeon, or advertise as such, or use the title of M. D. or Dr (or any title which shall show or tend to show that the person using the same is a practitioner of any of the branches of medicine), in New Hampshire after September 1, 1897, unless previously registered and authorized, or unless licensed and registered as required by this chapter; nor shall any person practice medicine and surgery whose authority to practice is suspended or revoked by the regent of a State board.

Sec. 2. Within sixty days after the passage of this act the governor and council shall appoint three separate State boards of medical examiners, of five members each, so appointed that the term of office of one member shall expire each year, and the members thereafter appointed shall hold office five years, or until their successors are appointed and qualified. One board shall represent the New Hampshire Medical Society, one the New Hampshire Homœopathic Medical Society, and one the New Hampshire Eclectic Society. Each of these three societies shall nominate, annually, twice the number of examiners to be appointed in that year on the board representing it. The names of such nominees shall be annually transmitted, under seal, by the president and secretary, to the governor and council, who shall appoint from such lists the examiners required to form the boards and to fill any vacancy that may occur from expiration of office or otherwise. Each nominee, before appointment, shall furnish to the governor and council satisfactory proof that he has received the degree of doctor of medicine from some registered medical school, and that he has legally practiced medicine in this State for at least five years. If no nominees are presented from a society to the governor and council, they may appoint from members in good standing in such society without restriction. The governor and council, upon recommendation of the board, may remove any examiner for misconduct, incapacity, or neglect of duty.

Sec. 3. Every medical examiner shall receive a commission of appointment from the State, and before beginning his term of office shall file with the secretary of state the constitutional oath of office. Each board, or any member thereof, may take testimony and proofs concerning all matters within its jurisdiction. Each board may make any by-laws and rules, not inconsistent with law, necessary in performing its duties.

Sec. 4. The superintendent of public instruction, ex-officio, shall be the regent of the state boards of medical examiners, and shall perform such duties as are herein specified.

Sec. 5. From the fees provided by this act, the regent may pay all proper expenses incurred by its provisions, except compensation to medical examiners; and any surplus at the end of any year shall be apportioned equally among the three boards; and the state shall not pay the expenses of said boards, or either of them, or compensate them, or either of them, for services rendered under their commissions.

Sec. 6. Each board shall annually elect from its members a president and a secretary for the year, and shall hold one or more meetings each year, pursuant to call of the regent, who may also call joint meetings of the three boards or of their officers. At any meeting a majority shall constitute a quorum, but questions prepared by the boards may be grouped and edited, or answer papers of candidates may be examined and marked by committees duly authorized by the boards.

Sec. 7. The regent shall admit to examination any candidate who pays a fee of \$10 and submits satisfactory evidence, verified by oath, if required, that he

1. Is more than twenty-one years of age,
2. Is of good moral character.

3. Has graduated from a registered college; or satisfactorily completed a full course in a registered academy or high school; or had a preliminary education considered and accepted by the regent as fully equivalent.

4. Has studied medicine not less than four full school years, of at least nine months each, including four satisfactory courses, of at least six months each, in four different calendar years, in a medical college registered as maintaining at the time a satisfactory standard. The regent shall accept, as the equivalent for any part of the third and fourth requirements, evidence of five or more years' reputable practice, provided that such substitution be specified in the license.

5. Has either received the degree of bachelor or doctor of medicine from some registered medical school, or a diploma or license conferring full right to practice medicine in some foreign country.

Students who matriculate in a New Hampshire medical school before January 1, 1898, on the prescribed study of medicine, shall be exempt from this preliminary education requirement.

Sec. 8. Each board shall submit to the regent, as required, lists of suitable questions for thorough examinations in anatomy, physiology and hygiene, chemistry, surgery, obstetrics, pathology and diagnosis, and therapeutics, including practice and materia medica. From these lists the regent shall prepare question papers for all these subjects, which at any examination shall be the same for all candidates, except that in therapeutics, practice and materia medica all the questions submitted to any candidate shall be chosen from those prepared by the board selected by that candidate and shall be in harmony with the tenets of that school, as determined by its state board of medical examiners.

Sec. 9. Examinations for license shall be given at Concord, in this state, and at least twice annually, and shall be exclusively in writing and in English. Each examination shall be conducted by the regent, or a competent examiner appointed by him, who shall not be one of the medical examiners. At the close of each examination the regent or examiner in charge shall deliver the questions and answer papers to the board selected by each candidate, or its duly authorized committee, and such board, without unnecessary delay, shall examine and mark the answers and transmit to the regent an official report, signed by its president and secretary, stating the standing of each candidate in each branch, his general average, and whether the board recommends that a license be granted. Such report shall include the questions and answers and shall be filed in the public records of the regent. If a candidate fails on first examination, he may, after not less than six months' further study, have a second examination without fee. If the failure is from illness, or other cause satisfactory to the boards, they may waive the required six months' study.

Sec. 10. On receiving from a state board an official report that an applicant has successfully passed the examinations and is recommended for license, the regent shall issue to him a license to practice medicine. Every license shall be issued by the regent under seal, and shall be signed by each acting medical examiner of the board selected, and by the regent, and shall state that the licensee has given satisfactory evidence of fitness as to age, character, preliminary and medical education, and all other matters required by law, and that after full examination he has been found properly qualified to practice. Applicants examined and licensed by other state examining boards registered by the regent as maintaining standards not lower than those provided by this chapter, and applicants who matriculate in a New Hampshire medical school before January 1, 1898, and who receive the degree M. D. January 1, 1903, may, without further examination, on payment of \$5 to the regent and on submitting such evidence as may be required, receive an endorsement of their licenses or diplomas conferring all rights and privileges of a regent license issued after examination.

Before any license is issued it shall be numbered and recorded in a book kept in the regent's office, and its number shall be noted in the license. This record shall be open to public inspection, and in all legal proceedings shall have the same weight as evidence that is given to a record of conveyance of land.

Sec. 11. This chapter shall not be construed to affect commissioned medical officers serving in the United States army, navy, or marine hospital service, while so commissioned; or any one while actually serving on the resident medical staff of any legally incorporated hospital; or any legally registered dentist exclusively engaged in practicing dentistry; or any manufacturer of artificial eyes, limbs, or orthopedic instruments or trusses in fitting such instruments on persons in need thereof; or any lawfully qualified physician in other states or countries meeting legally registered physicians in this state in consultation; or any physician residing on a border of a neighboring state and duly authorized under the laws thereof to practice medicine therein, whose practice extends into this state, and who does not open an office or appoint a place to meet patients or receive calls within this state; or to the regular or family physicians of persons not residents of this state, when called to attend them during a temporary stay in the state, or to the hotel physician regularly employed by the landlord of the summer hotel in the care of his guests or employees; neither shall the provisions of this act apply to clairvoyants, or to persons practicing hypnotism, magnetic healing, mind cure, massage, christian science, so called, or any other method of healing if no drugs are employed or surgical operations are performed; provided, such persons do not violate any of the provisions of this act in relation to the use of M. D. or the title of doctor or physician.

Sec. 12. Any person who, not being then lawfully authorized to practice medicine within this state, and so registered according to law, shall hold himself out to the

public as a physician and surgeon, or advertise as such, within this state, without lawful registration or in violation of any provision of this chapter; and any person who shall buy, sell, or fraudulently obtain any medical diploma, license, record, or registration, or who shall aid or abet such buying, selling, or fraudulently obtaining, or who shall practice medicine under cover of any medical diploma, license, record, or registration illegally obtained, or signed, or issued unlawfully, or under fraudulent representations or mistake of fact in a material regard; and any person who shall append the letters M. D. to his or her name; or shall assume or advertise the title of doctor (or any title which shall show or tend to show that the person assuming or advertising the same is a practitioner of any of the branches of medicine) in such a manner as to convey the impression that he, or she is a legal practitioner of medicine, or of any of its branches, without having legally received the medical degree, or without having received a license which constituted at the time an authority to practice medicine under the laws of this state then in force, shall be guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not more than \$100 or imprisonment for three months for the first offense; and on the conviction of any subsequent offense, by a fine of not more than \$250 or imprisonment for not less than six months, or by both fine and imprisonment.

Sec. 13. Every person who is a practitioner of medicine and surgery in this state prior to the passage of this act shall be, upon satisfactory proof thereof to the regent and upon the payment of a fee of one dollar, entitled to registration; and the said regent shall issue to him a certificate signed by himself and the chairman and secretary of such board of medical examiners as the applicant may elect; and said certificate shall state the facts and the cause of said registration, and shall entitle the said person to practice medicine legally in the state of New Hampshire.

Sec. 14. The first meeting of the boards may be called by any one of the members by a notice in writing, stating the time and place of meeting, sent by mail to each of the other members at least one week prior thereto.

Sec. 15. This act shall take effect on its passage.

COPIES.....**

In view of the unprecedented success of the "SAUNDERS MEDICAL HAND-ATLASES," Mr. Saunders has contracted with the German publisher for 100,000 copies of these books. In consideration of this undertaking, the publisher has been enabled to prepare special additional colored plates, making the series even handsomer and more complete than was originally intended. NEW JERSEY.

CAPITAL, TRENTON.

Population of State, 1,444,933.

(Census of 1890.)

Males	720,819	Native	1,115,958
Females	724,114	Foreign	328,975
White	1,396,581	Chinese	630
Colored	47,638	Indians	84

Number of Physicians, 2,201.

New Jersey extends from 38 degrees 56 minutes to 41 degrees 30 minutes north latitude, and from 73 degrees 55 minutes to 75 degrees 32 minutes west longitude, and is bounded on the north by New York, on the south by Delaware bay, on the east by the Atlantic ocean, and on the west by Pennsylvania. It comprises an area of 7,576 square miles, or 4,848,640 acres.

The climate is mild, being tempered by the vicinity of the ocean. The mean annual temperature, as observed at Newark during a period of 24 years, was 50.50 degrees; that of the summer 70.35 degrees, and of the winter 30.75 degrees. The average annual rainfall is about 45 inches.

The following table shows increase in population for 70 years:

1820.....	277,426	1860.....	672,035
1830.....	320,823	1870.....	906,096
1840.....	373,306	1880.....	1,131,116
1850.....	489,555	1890.....	1,444,933

Rate of mortality in New Jersey, as computed from the U. S. Census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
1,444,933	30,344	21.00	29,000	1,344	20.76	27.79

The total number of deaths from consumption during 1890 was 3,388, which was at the rate of 2.34 per 1,000 of population, or 112.65 per 1,000 of total deaths.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

MEDICAL LAW OF NEW JERSEY.

SYNOPSIS OF THE REQUIREMENTS FOR LICENSE TO PRACTICE MEDICINE AND SURGERY IN THE STATE OF NEW JERSEY. 1900.

1. Evidence that applicant is more than 21 years of age.
2. Certificates of moral character from not less than two physicians in good standing, one of whom must be a resident of New Jersey.
3. Candidates must be graduates from an accredited literary or scientific college, or have completed satisfactorily not less than a three years' course in an accredited high school or academy, or have received a preparatory education covering the following branches: Orthography, arithmetic, English grammar and composition, geography, history of the United States, algebra and physics, or what this board may consider their equivalent. A certificate of academic education must accompany each application.
4. Candidates must have received a diploma conferring the degree of Doctor of Medicine from some legally incorporated medical college (which in the opinion of this board was in good standing at the time of issuing said diploma) in the United States, or a diploma or license conferring the full right to practice all the branches of medicine and surgery in some foreign country, and have also studied medicine four years, including three courses of lectures in different years in some legally incorporated American or foreign medical college or colleges prior to the granting of said diploma or foreign license; provided, however, that two courses of medical lectures, both of which shall be either begun or completed within the same calendar year, shall not be considered to satisfy the above requirements.

First Exemption: Evidence of one year's service as a member of the resident medical staff of any legally incorporated, charitable or municipal hospital or asylum, or of five or more years of reputable practice of medicine and surgery, may be accepted as equivalent to one year's study of medicine and surgery.

5. All examinations shall be written in the English language, and the questions shall be, except in materia medica and therapeutics, such as can be answered in common by all schools of practice. If the applicant intends to practice homeopathy or eclecticism, the members of said board of those schools respectively shall examine said applicant in the materia medica and therapeutics of the school in which such applicant intends to practice; the examinations shall be in the following subjects, namely: (Sec. 1) materia medica and therapeutics, (Sec. 2) obstetrics and gynecology, (Sec. 3) practice of medicine, including diseases of the skin, nose and throat, (Sec. 4) surgery, including surgical anatomy and diseases of the eye, ear and genito-urinary organs, (Sec. 5) anatomy, (Sec. 6) physiology, (Sec. 7) chemistry, (Sec. 8) histology, pathology and bacteriology, (Sec. 9) hygiene and medical jurisprudence.

Second Exemption: Certificates of examination and license issued by the Board of Regents of New York, and by the Medical Councils of Pennsylvania and Delaware, based upon examination by the respective examining boards of those States, may be endorsed, at any time, by this board. Blanks for this purpose must be obtained from the Secretary, and, when properly filled out and returned for filing, must be accompanied by a certified check or postal money order for the regular fee of fifty dollars.

6. Candidates for examination should apply to the Secretary of this Board for blank forms of application, which must be filled out and presented to the Secretary for approval, at least ten days before the date of the examination. When returned to the secretary for approval, the blank form should be filled out in accordance with printed instructions on the blank; bear the seal of the medical institution from which the applicant was graduated, and be accompanied by a certificate of academic education, and a certified check signed by or payable to the order of the applicant, or a postal money order, for twenty-

five dollars, the regular examination fee. Academic certificates will be filed permanently with the application form, examination questions, papers and averages in the State Library, at Trenton, after the examination. Candidates unable to furnish an academic certificate may take a special examination before the State Superintendent of Public Instruction of New Jersey, whose certificate is accepted by this board. The fee will be returned to candidates failing to pass the examinations.

7. The regular examinations of the board are held in the State House at Trenton, on the third Tuesday and Wednesday in June and September. Application for the proper blank form for the June examination should be made early in May, and for the September examination in the latter part of July. Neither academic nor medical diplomas should be sent to the Secretary, unless requested.

8. All persons commencing the practice of medicine or surgery, in any of their branches, or of midwifery, in New Jersey, must obtain a license from this board, either through examination or endorsement, which license, or a certified copy thereof, must be filed with the Clerk of the county in which the applicant intends to practice. Applicants removing from one county to another must file a certified copy of their license with the Clerk of the county to which they remove; duplicate copies may be obtained from the Secretary of this board.

9. A temporary license may be granted to a legally qualified physician of another State to take charge of the practice of a legally qualified physician of this State, temporarily, during the latter's absence from this State, upon written request on the blank form of this board and the payment of the regular fee. This applies to a period of not less than two weeks nor more than four months. A temporary license will not be granted under any other conditions.

All communications should be addressed to the Secretary, Camden, N. J.

SPECIAL OFFER.

AS it is impossible to form an idea of the beauty and cheapness of "Saunders' Medical Hand-Atlases" without an opportunity to examine them, we make the following offer: Any one of the Atlases will be sent post-paid upon request. If you wish to retain the book remit the price; if not, return the book. (See pages 34, 35 and 36.)

NEW MEXICO.

CAPITAL, SANTA FE.

Population of New Mexico, 153, 593.

(Census of 1890.)

Males	83,055	Native	142,334
Females	70,538	Foreign	11,259
White	142,719	Chinese	364
Colored	1,956	Indians	8,554

Number of Physicians, 140.

New Mexico extends from 31 degrees 20 minutes to 37 degrees north latitude, and from 103 degrees to 109 degrees 9 minutes west longitude, and is bounded on the north by Colorado, on the south by Texas and the Republic of Mexico, on the east by Texas and Indian Territory, and on the west by Arizona. It comprises an area of 121,201 square miles or 77,568,640 acres.

The climate is salubrious; mild and equable winters being followed by cool and invigorating summers. The mean annual temperature at Santa Fe is 50.54 degrees; that of the summer 70.50 degrees and of the winter 30.28 degrees. The rainfall is light, varying from 8 inches in the valley of the Rio Grande to 20 near the Texas State line.

The following table shows the increase in population for 20 years:

1870.	91,874	1890.	153,593
1880.	119,565		

Rate of Mortality in New Mexico, as computed from the U. S. Census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
153,593	2,522	16.42	2,493	29	17.47	2.67

The total number of deaths from consumption during 1890 was 97, which was at the rate of .63 per 1,000 of population, or 38.05 per 1,000 of total deaths.

MEDICAL LAWS OF NEW MEXICO.

An Act to Regulate the Practice of Medicine and to Establish a Territorial Board of Health in the Territory of New Mexico.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. Qualifications for Practice.—That no person shall practice medicine in any of its departments in this Territory, unless such person possesses the qualifications required by this act. If a graduate in medicine, he must present his diploma, by mail or in person, to the Territorial Board of Health for verification as to its genuineness.

If the diploma is found genuine, and from a legally chartered medical institution in good standing, and if the person named therein be the person claiming and presenting the same, the Territorial Board of Health shall issue a certificate to that effect, signed by all the members thereof, and such certificate shall be conclusive as to the right of the lawful holder of the same to practice medicine in this Territory. If not a graduate, the person practicing medicine in this Territory shall present himself before said board and submit himself to such examination as the board may require, and if the examination be satisfactory to the board, the said board shall issue its certificate in accordance with the facts, and the lawful holder of such certificate shall be entitled to all the rights and privileges herein mentioned. Provided, that any person who shall have practiced medicine continuously for the period of ten years in this Territory, prior to the passage of this act, shall be entitled to a license or certificate, without examination, upon the payment of the fee for such license or certificate.

Sec. 2. Territorial Board of Health; Organization.—That a board is hereby established which shall be known under the name and style of the "New Mexico Territorial Board of Health," to be composed of seven practicing physicians of known ability and integrity, who are graduates of medical schools of undoubted respectability, and holding licenses to practice in this Territory, giving each of the three schools of medicine (known as the regular, homeopathic and eclectic schools) a representation as follows, to-wit: Four (4) physicians of the regular, two (2) of the homeopathic, and one (1) of the eclectic school or system of medicine. The members of this board shall be appointed by the governor, and shall hold their office two years, and all vacancies shall be similarly filled as soon as the governor is notified thereof by the secretary of the board.

The Territorial Board of Health shall organize within three months after the passage of this act; it shall procure a seal, and shall receive through its secretary applications for certificates and examinations; the president and secretary shall have the authority to administer oaths, and the board shall take testimony in all matters relating to its duties; it shall issue certificates to all who furnish satisfactory proof of having received diplomas or licenses from legally chartered medical institutions in good standing as may be determined by the board. Applicants for certificates, being graduates, or to all who now have licenses to practice in the Territory issued by the present or former board of medical examiners, shall pay a fee of five (5) dollars to the secretary of the board, who shall turn the same into the treasury of the board.

Sec. 3. Verification of Diploma; Affidavit.—The verification of the diploma or certificate shall consist in the affidavit of the holder and applicant that he is the lawful pos-

essor of the same and that he is the person therein named, and any person swearing falsely shall be deemed guilty of perjury and shall be punished accordingly.

Sec. 4. **Examinations by Board.**—All examinations of persons, not graduates or licentiates, shall be made directly by the board, and may be made in whole or in part in writing, and shall be of an elementary and practical character, sufficiently strict to test the qualifications of the candidate as a practitioner. The fee for examination shall be twenty (20) dollars, and said fee shall be paid into the treasury of the board.

Sec. 5. **County Clerk to Record.**—Every person holding a certificate from the Territorial Board of Health shall have it recorded in a book provided for the purpose in the office of the clerk of the county in which he resides, within three months from its date, and the date of recording shall be endorsed thereon; he shall then be entitled to practice in any part of the Territory, but must again record his certificate in case of removing his permanent residence to another county.

Sec. 6. **Refusal or revocation of Certificate.**—The Territorial Board of Health must refuse to issue certificates to individuals guilty of unprofessional or dishonorable conduct, and it may revoke certificates for like causes.

Sec. 7. **Definition of "To Practice Medicine."**—For the purposes of this act, the words "practice medicine" shall mean to investigate or diagnose, or offer to investigate or diagnose, any physical or mental ailment of any person, with a view to affording relief, as commonly done by physicians; to suggest, recommend, prescribe or direct, for the use of any person, any drug, medicine or appliance, apparatus or other agency, whether material or not material, for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture, or bodily injury or deformity, after having received, or with the intent of receiving therefor, either directly or indirectly, any bonus, gift or compensation; provided, this act shall not prevent people who are entitled to sell medicine under the laws of this Territory from recommending the same, but nothing in this act shall be construed to prohibit gratuitous service in cases of emergency or the domestic administration of family remedies, or women from practicing midwifery; and that this act shall not apply to surgeons in the service of the United States in the discharge of their official duties.

Sec. 8. **Penalty for Practicing Without Certificate: Using Another's Diploma.**—Any person practicing medicine or surgery in this Territory without the certificate issued by this board, in compliance with the provisions of this act, shall for each and every instance of such practice, forfeit and pay to the Territory of New Mexico, for the use of the said Territorial Board of Health, the sum of one hundred (100) dollars for the first offense, and two hundred (200) dollars for each subsequent offense, the same to be recovered in an action of debt before any court of competent jurisdiction; and any person filing, or attempting to file, as his own, the diploma or certificate of another, or a forged affidavit of identification, shall be guilty of a felony, and, upon conviction, shall be subject to such fine and imprisonment as are made and provided by the statutes of the Territory for the crime of forgery.

Sec. 9. **Judgment Upon Conviction; Appeal.**—Upon conviction of either of the offenses mentioned in this act, the court shall, as part of the judgment, order that the defendant be committed to the common jail of the county until the fine and costs are paid, and, upon failure to pay same immediately, the defendant shall be committed under said order. Provided, That either party may appeal in the same time and manner as appeals may be taken in other cases, except that where an appeal is prayed in behalf of the Territory no appeal bond shall be required to be filed, whether the appeal be from a justice of the peace, or from the district, county or circuit court, or from the appellate court, but it shall be sufficient in behalf of the Territory of New Mexico for the use of the Territorial Board of Health to pray an appeal, and thereupon appeal may be had without bond (or) security.

Sec. 10. **Solicitor General and District Attorneys to Prosecute.**—It shall be the duty of the solicitor general and the district attorneys to prosecute any and all persons who shall be guilty of violating the provisions of this act.

Sec. 11. **Repeal.**—All laws and parts of laws in conflict with the provisions of this act are hereby repealed, and this act shall be in force and effect from and after its passage. Approved February 27, 1895.

THE NEW MEXICO TERRITORIAL BOARD OF HEALTH, AT ITS MEETING, JUNE 19, 1895, ADOPTED THIS STANDARD FOR MEDICAL COLLEGES.

Examination will be required of all applicants to practice medicine in New Mexico, who shall graduate after July 1, 1897, from any medical college which does not require of matriculants, as a minimum evidence of sufficient general education, a high school certificate or its equivalent; and for graduation proof of four years' study of medicine and four terms of lectures occurring in four separate years.

The previous standard of three years' study and three terms of lectures in three separate years, with the preliminary requirement of matriculants of a high school certificate, or its equivalent, will be maintained for all applicants who graduated between July 1, 1890, and July 1, 1897.

According to a resolution of the New Mexico Territorial Board of Health, adopted March 28, 1895, each applicant must furnish two certificates of character and good professional standing, preferably signed by two reputable licensed physicians of New Mexico, or else by physicians in other States, of such prominence as to lessen risk of delay while the board seeks to verify the worth of the certificates. Physicians signing should state place of residence and official positions filled by themselves,

CAUTION.

Beware of so called Medical Directories, plagiarized from R. L. Polk & Co's. Medical and Surgical Register of the U. S. and Canada, in violation of the copy-right laws.

We have positive proof that some of the so-called State Medical directories issued since August, 1898, were copied from our 1898 Register and palmed off as new and original works.

Our friends will confer a favor upon us as well as render a service to the medical profession by promptly notifying us of such attempted frauds.

R. L. POLK & CO.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

Colored	70,092	Indians	726

Number of Physicians. 12,045.

The State of New York extends from 71 degrees 51 minutes to 79 degrees 47 minutes 25 seconds west longitude, and from 40 degrees 29 minutes 40 seconds to 45 degrees 0 minutes 42 seconds north latitude, and is bounded on the north and west by Canada, from which it is separated by the St. Lawrence river, Lake Ontario, Niagara river and Lake Erie; on the south by New Jersey and Pennsylvania, and on the east by Connecticut, Massachusetts and Vermont. It comprises an area of 47,000 square miles, or 30,080,000 acres. The principal rivers are the Hudson, which rises in the Adirondacks, and, pursuing a southerly course, debouches into New York bay; its total length is about 300 miles, and for the last 160 miles it is navigable for the largest vessels; the St. Lawrence, which washes a portion of the northern boundary and with its numerous tributaries drains and irrigates that portion of the State; the Oswego, Niagara, Alleghany, Susquehanna, Mohawk and Delaware. The State has, including Long Island, a coast line of several hundred miles, and possesses in New York bay one of the finest harbors in the world.

The climate is healthful, although marked by extremes of heat and cold. The winters in the Adirondack region are long and severe. The mean annual temperature, as observed at Albany, is 47.95, and in the City of New York, 51.83. The rainfall varies from 44 inches in the Hudson Valley to 32 in the valley of the St. Lawrence.

The following table shows increase in population for 70 years:

1820	1,372,111	1860	3,880,735
1830	1,918,608	1870	4,382,759
1840	2,428,921	1880	5,082,871
1850	3,097,394	1890	5,997,853

Rates of mortality in New York State, as computed from the United States Census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
5,997,853	123,117	20.53	121.214	1,903	20.46	25.75

Total number of deaths from consumption during 1890 was 14,854, which was at the rate of 2.47 per 1,000 population, or 120.65 per 1,000 of total deaths.

MEDICAL LAWS OF NEW YORK.

LAWS OF NEW YORK, 1893, CH. 661, AS AMENDED IN 1895 AND 1896.

Previous laws relating to practice of medicine were repealed May 9, 1893, when this law took effect.

Definitions. As used in this article.

1. University means University of the State of New York.
2. Regents means board of regents of the University of the State of New York.
3. Board means a board of medical examiners of the State of New York.
4. Medical examiner means a member of a board of medical examiners of the State of New York.

5. Medical school means any medical school, college, or department of a university, registered by the regents as maintaining a proper medical standard and as legally incorporated.

6. Medicine means medicine and surgery.

7. Physician means physician and surgeon.

Sec. 140. Qualifications. No person shall practice medicine after September 1, 1891, unless previously registered and legally authorized or unless licensed by the regents and registered as required by this article; nor shall any person practise medicine who has ever been convicted of a felony by any court, or whose authority to practise is suspended or revoked by the regents on recommendation of a state board.

Sec. 141. State boards of medical examiners. There shall continue to be three separate state boards of medical examiners of seven members each, each of whom shall hold office for three years from August 1 of the year in which appointed. One board shall represent the medical society of the State of New York, one the Homoeopathic Medical Society of the State of New York, and one the Eclectic Medical Society of the State of New York. Each of these three societies shall at each annual meeting nominate twice the number of examiners to be appointed in that year on the board representing it. The names of such nominees shall be annually transmitted under seal by the president and secretary, prior to May 1, to the regents, who shall, prior to August 1, appoint from such lists the examiners required to fill any vacancies that will occur from expiration of term on August 1. Any other vacancy, however occurring, shall likewise be filled by the regents for the unexpired term. Each nominee before appointment shall furnish to the regents proof that he has received the degree of doctor of medicine from some registered medical school, and that he has legally practiced medicine in this state for at least five years. If no nominees are legally before them from a society the regents may appoint from members in good standing of such society without restriction. The regents may remove any examiner for misconduct, incapacity or neglect of duty.

Sec. 142. Certificate of appointment; oath; powers. Every medical examiner shall receive a certificate of appointment from the regents and before beginning his term of office shall file with the secretary of state the constitutional oath of office. Each board, or any committee thereof, may take testimony and proofs concerning all matters within its jurisdiction. Each board may, subject to the regents approval, make all by-laws and rules not inconsistent with law needed in performing its duties; but no by-law or rule by which more than a majority vote is required for any specified action by the board shall be amended, suspended or repealed by a smaller vote than that required for action thereunder.

Sec. 143. Expenses. From the fees provided by this article, the regents may pay all proper expenses incurred by its provisions, except compensation to medical examiners; and any surplus at the end of any academic year shall be apportioned among the three boards pro rata according to the number of candidates whose answer papers have been marked by each.

Sec. 144. Officers; meeting; quorum; committees. Each board shall annually elect from its members a president and a secretary for the academic year, and shall hold one or more meetings each year pursuant to call of the regents, who may also call joint meetings of the three boards or of their officers. At any meeting a majority shall constitute a quorum; but questions prepared by the boards may be grouped and edited, or answer papers of candidates may be examined and marked by committees duly authorized by the boards and by the regents.

Sec. 145. Admission to examination. The regents shall admit to any examination any candidate who pays a fee of \$25 and submits satisfactory evidence, verified by oath, if required, that he

- 1 Is more than 21 years of age;
- 2 Is of good moral character;
- 3 Has the general education required preliminary to receiving the degree of bachelor or doctor of medicine in this state;

4 Has studied medicine not less than four full school years of at least nine months each, including four satisfactory courses of at least six months each, in four different calendar years in a medical college registered as maintaining at the time a satisfactory standard. New York medical schools and New York medical students shall not be discriminated against by the registration of any medical school out of the state, whose minimum graduation standard is less than that fixed by statute for New York medical schools. The regents may, in their discretion, accept as the equivalent for any part of the third and fourth requirement, evidence of five or more years' reputable practice, provided that such substitution be specified in the license;

5. Has either received the degree of bachelor or doctor of medicine from some registered medical school, or a diploma or license conferring full rights to practice medicine in some foreign country. The degree of bachelor or doctor of medicine shall not be conferred in this state before the candidate has filed with the institution conferring it the certificate of the regents that before beginning the first annual medical course counted toward the degree unless matriculated conditionally as hereinafter specified (three years before the date of the degree) he had either graduated from a registered college, or satisfactorily completed a full course in a registered academy or high school; or had a preliminary education considered and accepted by the regents as fully equivalent; or held a regents' medical student certificate, granted before this act took effect; or had passed regents' examinations as hereinafter provided. A medical school may matriculate conditionally a student deficient in not more than one year's academic work or 12 counts of

the preliminary education requirement, provided the name and deficiency of each student so matriculated be filed at the regents' office within three months after matriculation, and that the deficiency be made up before the student begins the second annual medical course counted toward the degree. Students who had matriculated in a New York medical school before June 5, 1890, and students who had matriculated in a New York medical school before May 13, 1896, as having entered before June 5, 1890, on the prescribed three years' study of medicine, shall be exempt from this preliminary education requirement.

A medical student certificate may be earned without notice to the regents of the conditional matriculation either before the student begins the second annual medical course counted toward the degree or two years before the date of the degree for matriculants in any registered medical schools in the four cases following:

1. For matriculants prior to May 9, 1893, for any 20 counts, allowing 10 for the preliminaries, not including reading and writing.
2. For matriculants prior to May 13, 1895, for arithmetic, elementary English, geography, spelling, United States history, English composition and physics, or any 50 counts, allowing 14 for the preliminaries.
3. For matriculants prior to January 1, 1896, for any 12 academic counts.
4. For matriculants prior to January 1, 1897, for any 24 academic counts.

But all matriculants, after January 1, 1897, must secure 48 academic counts, or their full equivalent, before beginning the first annual medical course counted toward the degree, unless admitted conditionally, as hereinbefore specified, when the deficiency must be made up before the student begins the second annual medical course counted toward the degree. (As amended by laws of 1896, ch. 111?)

[This act took effect March 21, 1896, except that the increase in the required course of medical study from three to four years does not take effect till January 1, 1898, and does not apply to students who matriculated before that date and received the degree of M. D. before January 1, 1902.]

Sec. 146. Questions. Each board shall submit to the regents, as required, lists of suitable questions for thorough examinations in anatomy, physiology and hygiene, chemistry, surgery, obstetrics, pathology and diagnosis, and therapeutics, including practice and materia medica. From these lists the regents shall prepare question papers for all these subjects, which at any examination shall be the same for all candidates, except that in therapeutics, practice and materia medica all the questions submitted to any candidate shall be chosen from those prepared by the board selected by that candidate, and shall be in harmony with the tenets of that school as determined by its state board of medical examiners.

Sec. 147. Examinations and Reports. Examinations for license shall be given in at least four convenient places in this state and at least four times annually, in accordance with the regents' rules, and shall be exclusively in writing and in English. Each examination shall be conducted by a regents' examiner, who shall not be one of the medical examiners. At the close of each examination the regents' examiner in charge shall deliver the questions and answer papers to the board selected by each candidate, or to its duly authorized committee, and such board, without unnecessary delay, shall examine and mark the answers and transmit to the regents an official report, signed by its president and secretary, stating the standing of each candidate in each branch, his general average and whether the board recommends that a license be granted. Such report shall include the questions and answers, and shall be filed in the public records of the University. If a candidate fails on first examination, he may, after not less than six months' farther study, have a second examination without fee. If the failure is from illness or other cause satisfactory to the regents, they may waive the required six months' study.

Sec. 148. Licenses. On receiving from a state board an official report that an applicant has successfully passed the examination and is recommended for license, the regents shall issue to him, if in their judgment he is duly qualified therefor, a license to practice medicine. Every license shall be issued by the University under the seal, and shall be signed by each acting medical examiner of the board selected and by the officer of the University who approved the credential which admitted the candidate to examination, and shall state that the licensee has given satisfactory evidence of fitness as to age, character, preliminary and medical education and all other matters required by law, and that after full examination he has been found properly qualified to practice. Applicants examined and licensed by other state examining boards registered by the regents as maintaining standards not lower than those provided by this article, and applicants who matriculated in a New York state medical school before June 5, 1890, and who receive the degree of M. D. from a registered medical school before August 1, 1895, may, without farther examination, on payment of \$10 to the regents, and on submitting such evidence as they may require, receive from them an indorsement of their licenses or diplomas conferring all rights and privileges of a regents' license issued after examination.

If any person whose registration is not legal because of some error, misunderstanding or unintentional omission, shall submit satisfactory proof that he had all requirements prescribed by law at the time of his imperfect registration, and was entitled to be legally registered, he may, on unanimous recommendation of the state board of medical examiners, receive from the regents, under seal, a certificate of the facts, which may be registered by any county clerk and shall make valid the previous imperfect registration.

Before any license is issued it shall be numbered and recorded in a book kept in the regents' office, and its number shall be noted in the license. This record shall be open to public inspection, and in all legal proceedings shall have the same weight as evidence that is given to a record or conveyance of land.

Sec. 149. Registry. Every license to practice medicine shall, before the licensee begins practice thereunder, be registered in a book kept in the clerk's office of the county where such practice is to be carried on, with name, residence, place and date of birth, and source, number and date of his license to practice. Before registering, each licensee shall file, to be kept in a bound volume in the county clerk's office, an affidavit of the above facts, and also that he is the person named in such license, and had, before receiving the same, complied with all requisites as to attendance, terms and amount of study and examination required by law and the rules of the University as preliminary to the conferment thereof; that no money was paid for such license, except the regular fees paid by all applicants therefor; that no fraud, misrepresentation or mistake in any material regard was employed by any one or occurred in order that such license should be conferred. Every license, or, if lost, a copy thereof, legally certified to as to be admissible as evidence, or a duly attested transcript of the record of its conferment, shall, before registering, be exhibited to the county clerk, who, only in case it was issued and indorsed as a license under seal of the regents, shall indorse or stamp on it the date and his name, preceded by the words: "Registered as authority to practice medicine in the clerk's office of county." The clerk shall thereupon give to every physician so registered a transcript of the entries in the register, with a certificate, under seal that he has filed the prescribed affidavit. The licensee shall pay to the county clerk a total fee of \$1 for registration, affidavit and certificate.

Sec. 150. Registry in Another County. A practicing physician having registered a lawful authority to practice medicine in one county, and removing such practice or part thereof to another county, or regularly engaging in practice or opening an office in another county, shall show or send by registered mail to the clerk of such other county, his certificate of registration. If such certificate clearly shows that the original registration was of an authority issued under seal by the regents, or if the certificate itself is indorsed by the regents as entitled to registration, the clerk shall thereupon register the applicant in the latter county, on receipt of a fee of 25 cents, and shall stamp or indorse on such certificate the date and his name, preceded by the words: "Registered also in county," and return the certificate to the applicant.

Sec. 151. Certificate Presumptive Evidence—Unauthorized Registration and License Prohibited. Every unrevoked certificate and indorsement of registry made as provided in this article shall be presumptive evidence in all courts and places that the person named therein is legally registered. Hereafter no person shall register any authority to practice medicine unless it has been issued or indorsed as a license by the regents. No such registration shall be valid unless the authority registered constituted at the time of registration a license under the laws of the state then in force. No diploma or license conferred on a person not actually in attendance at the lectures, instruction and examination of the school conferring the same, or not possessed at the time of its conferment of the requirements then demanded of medical students in this state as a condition of their being licensed so to practice, and no registration not in accordance with this article shall be lawful authority to practice medicine; nor shall the degree of doctor of medicine be conferred *causa honoris* or *ad eundum*, nor, if previously conferred, shall it be a qualification for such practice.

Sec. 152. Construction of this Article. This article shall not be construed to affect commissioned medical officers serving in the United States army, navy or marine hospital service, while so commissioned; or any one while actually serving on the resident medical staff of any legally incorporated hospital; or any legally registered dentist exclusively engaged in practicing dentistry; or any manufacturer of artificial eyes, limbs or orthopedic instruments or trusses in fitting such instruments on persons in need thereof; or any lawfully qualified physician in other states or countries meeting legally registered physicians in this state in consultation; or any physician residing on a border of a neighboring state and duly authorized under the laws thereof to practice medicine therein, whose practice extends into this state, and who does not open an office or appoint a place to meet patients or receive calls within this state; or any physician duly registered in one county called to attend isolated cases in another county, but not residing or habitually practicing therein. This article shall be construed to repeal all acts or parts of acts authorizing conferment of any degree in medicine *causa honoris* or *ad eundum* or otherwise than on students duly graduated after satisfactory completion of a preliminary and medical course not less than that required by this article as a condition of license.

Sec. 153. Penalties and Their Collection. Any person who, not being then lawfully authorized to practice medicine within this state and so registered according to law, shall practice medicine in this state without lawful registration or in violation of any provision of this article; and any person who shall buy, sell or fraudulently obtain any medical diploma, license, record, or registration, or who shall aid or abet such buying, selling or fraudulently obtaining, or who shall practice medicine under cover of any medical diploma, license, record or registration illegally obtained, or signed, or issued unlawfully or under fraudulent representations or mistake of fact in a material regard, or who after conviction of a felony, shall attempt to practice medicine, or shall so practice, and any person who shall append the letters M. D. to his or her name, or shall assume or advertise the title of doctor (or any title which shall show or tend to show that the person assuming or advertising the same is a practitioner of any of the branches of medicine) in such a manner as to convey the impression that he or she is a legal practitioner of medicine or of any of its branches, without having legally received the medical degree, or without having received a license which constituted at the time an

SPECIAL OFFER.

AS it is impossible to form an idea of the beauty and cheapness of "Saunders' Medical Hand-Atlases" without an opportunity to examine them, we make the following offer: Any one of the Atlases will be sent post-paid upon request. If you wish to retain the book remit the price; if not, return the book. (See pages 34, 35 and 36.)

authority to practice medicine under the laws of this state then in force, shall be guilty of a misdemeanor; and, upon conviction thereof, shall be punished by a fine of not more than \$250 or imprisonment for six months for the first offense, and, on conviction of any subsequent offense, by a fine of not more than \$500 or imprisonment for not less than one year, or by both fine and imprisonment. Any person who shall practice medicine under a false or assumed name, or who shall falsely personate another practitioner of a like or a different name, shall be guilty of a felony. When any prosecution under this article is made on the complaint of any incorporated medical society of the state, or any county medical society of such county entitled to representation in a state society, the fines, when collected, shall be paid to the society making the complaint, and any excess of the amount of fines so paid over the expense incurred by the said society in enforcing the medical laws of this state, shall be paid at the end of the year to the county treasurer.

SUMMARY OF REQUIREMENTS FOR LICENSE.

All requirements for admission should be completed at least one week before examinations. They are as follows:

1. Evidence that applicant is more than 21 years of age (Form 1).
2. Certificates of moral character from not less than two physicians in good standing (Form 2).
3. Evidence that applicant has the general education required, preliminary to receiving the degree of bachelor or doctor of medicine in this state (Medical student certificate. See inclosed examination handbook).
4. Evidence that applicant has studied medicine not less than four full school years of at least nine months each, including four satisfactory courses of at least six months each, in four different calendar years in a medical school registered as maintaining at the time a satisfactory standard. New York medical schools and New York medical students shall not be discriminated against by the registration of any medical school out of the state whose minimum graduation standard is less than that fixed by statute for New York medical schools.

The increase in the required course of medical study from three to four years does not take effect till January 1, 1898, and does not apply to students who matriculated before that date and received the degree of M. D. before January 1, 1902 (Form 1).

First exemption: "The regents may, in their discretion, accept as the equivalent for any part of the third and fourth requirement evidence of five or more years reputable practice of medicine, provided that such substitution be specified in the license."

5. Evidence that applicant "has received the degree of doctor or bachelor of medicine from some registered medical school, or a diploma or license conferring full right to practice medicine in some foreign country" (Form 3 of original credentials).

6. The candidate must pass examinations in anatomy, physiology and hygiene, chemistry, surgery, obstetrics, pathology and diagnosis, therapeutics, practice and materia medica. The questions "shall be the same for all candidates, except that in therapeutics, practice and materia medica all the questions submitted to any candidate shall be chosen from those prepared by the board selected by that candidate and shall be in harmony with the tenets of that school as determined by its state board of medical examiners."

Second exemption: "Applicants examined and licensed by other state examining boards registered by the regents as maintaining standards not lower than those provided by this article, and applicants who matriculated in a New York state medical school before June 5, 1890, and who received the degree M. D. from a registered medical school before August 1, 1895, may, without farther examination, on payment of \$10 to the regents and on submitting such evidence as they may require, receive from them an indorsement of their licenses or diplomas, conferring all rights and privileges of a regents' license issued after examination."

7. A fee of \$25, payable in advance.

The Zander Institute,

20 CENTRAL PARK SOUTH,
NEW YORK, N. Y.

CARL FALLEN, A. B., M. D., Managing Director,

FOR MECHANICO-THERAPEUTICS OR SWEDISH MOVEMENTS AND
MASSAGE BY MACHINERY.

THE most complete Institute of its kind. Nearly one hundred apparatus invented by DR. ZANDER, of Stockholm, Sweden, including

VIBRATION,
PERCUSSION,
KNEADING,
ARTIFICIAL HORSEBACK,
and STATIONARY BICYCLE.

The profession is cordially invited to investigate and give a trial to the method of DR. ZANDER.

The wonderful success of recent years which the Zander system has obtained under the protection of the very conservative and critical profession of Germany and Austria, ought to be a guarantee of its ultimate success and recognition by the medical profession all over the world. Despite the great expense of a complete Zander outfit we find them now at nearly every important health resort in Germany, Austria and Holland. In a great many of these places, like Baden-Baden and Wiesbaden, etc., they are owned and managed by the State Governments.

The New York Institute is the first one established in this country.

All cases in which massage and exercise are indicated will be received and physician's orders strictly carried out.

{ In view of the unprecedented success of the "SAUNDERS MEDICAL HAND-ATLASES," Mr. Saunders has contracted with the German publisher for 100,000 copies of these books. In consideration of this undertaking, the publisher has been enabled to prepare special additional colored plates, making the series even handsomer and more complete than was originally intended. 1 HUNDRED THOUSAND COPIES.....

In view of the unprecedented success of the "SAUNDERS MEDICAL HAND-ATLASES," Mr. Saunders has contracted with the German publisher for 100,000 copies of these books. In consideration of this undertaking, the publisher has been enabled to prepare special additional colored plates, making the series even handsomer and more complete than was originally intended. (See pages 34, 35, 36.)
